71 Are Killed in Two Airplane Crashes

Unscheduled Plans, 46 Abroad, Crash After Radio, Report Of Violent Fight

By Bill Becker

LOS ANGELES, July 12.—(P)—Twenty-six bodies have been recovered from the smoldering wreckage of a commercial airliner that crashed in Susana pass today after a fist fight among some of the passengers.

Survivors said the fight started after a male passenger became hysterical while the big airliner was coming through a storm. Another passenger appeared to have quieted him when a chance remark on the cause of the hysteria precipitated a slug-ging match.

While the fight was going on, one of the stewardesses warned: "Fasten your safety belts; we are going into a cloud bank."

Within a matter of seconds, survivors said, the plane had crashed with a deafening roar of exploding gasoline.

A deputy coroner of Ventura county said several of the bodies had been badly burned but that some of them had been thrown clear from 50 to 75 feet from the plane. He said 18 persons had been taken from the wreckage, all injured, some so critically they cannot survive, and that two other persons, unaccounted for, may still be in the burned plane.

Identified Dead

Identified dead were: Frank Conway, Albany, N. Y.; Joel Freeman, Los Angeles; Jack Levy, Brooklyn; Stewardess Marianne Rose, Long Beach; C. Palamini, Bayonne, N. J.; Irving H. Levin, 48, Bronx, N.Y.; David Ellsman, Los Angeles.

Fire destroyed the pilot's cabin and the crash left only one wing and the tail.

Cut Plane Flight

The plane belonged to Trans-National Airlines and was represented locally by Standard Air Lines. It was one of the cut rate transcontinental flights, which carry passengers for \$113 instead of the customary \$181.

Pilot Roy White informed the traffic control bureau at Burbank that a fight among passengers had broken out near Riverside, Calif. He said he wanted police aid as soon as the plane landed and he requested permission to set down at Burbank instead of the customary destination, Long Beach. One passenger was badly beaten, said White, who did not give the cause of the battle.

White said the fighting passengers swore they were going to continue their fight after they got on land.

Twenty-five minutes later the report of the plane crash was received by Van Nuys police. Some of the injured were taken to the Birmingham General hospital, others to hospitals in Oxnard and Ventura.

First Bodies Recovered

The first two bodies identified were those of Joe Freeman, Los Angeles, and Frank Conway, Albany, N. Y. Freeman's body was thrown 50 feet from the fuselage.

Eighteen persons, still alive but badly mangled, were taken from the wreckage. The arm and leg of one woman fell off after she had been placed on a stretcher.

By the time rescuers reached the spot, four miles from Santa Susana five persons had fought their way from the burning debris to a fire-equipment road 300 yards away. One girl in this group had lost a foot. It had been torn off at the ankle.

The plane apparently scraped the side of a 200-foot hill in a box canyon with a wingtip and then pancaked and caught fire.

Ambulances Called

Ambulances came from every little community in this sparsely populated section of the San Fernando valley. They raced at breakneck speed, up the tortuous dirt road to the scene, the quickly loaded and the injured who had walked or been carried the 300 yards from the burning airplane, and headed back down the one-way road.

Two hours after the accident, ambulances still were coming back, making return trips, but this time to carry out the dead, which searchers said included two infants.

Bodies were sprawled grotesquely into clumps of sagebrush, and over rocks. One survivor was carried out with a broken back.

A bizarre touch was given to the rescue operations by the presence of 30 bearded, robed followers of religious leader Krishna Ventura, who calls himself "The Voice." They live in a stone house not far away. In their bare feet, they padded up and down the rocky slopes bearing stretchers. One of them identifying himself only as Brother Paul, said he heard the plane circling low over the hills, a few minutes before the crash. The engine seemed to be performing perfectly, he said.

Americans Beat The Nationals 11-7

Sixteenth Annual All-Star Game Played On a Wet Diamond

By Ted Smits

BROOKLYN, July 12.—(P)—The American League All-Star team defeated the National League 11 to 7 today in a wet and wobbly All-Star game that set records for scoring and errors.

Joe DiMaggio, \$90,000-a-year New York Yankee outfielder who has been out of action most of the season, led the American attack with a powerful double in the sixth that scored two vital runs. Stan Musial and Ralph Kiner hit homers for the Nationals.

A crowd of 32,577 paid \$79.25, 25¢ less, to see the game that lasted three hours and four minutes.

The National League made five errors, one more than the record made by the Americans in 1938. The total run output of 18 topped the previous high of 16 set in 1934 when the Americans won 9-7.

This was the twelfth All-Star game victory in 16 all-star games and came despite the orders of President Ford Frick of the National League to bear down. Republican Leaders Confer

WASHINGTON, July 12.—(P)—Seven Republican leaders discussed for more than three hours today the move to oust Rep. Hugh D. Scott, Jr., as chairman of the Republican national committee.

They reached no decision but arranged to meet again later in the day.

Optimists Entertained Today By Four Young Musicians

The Sedalia Optimists met at noon today and were entertained with an all musical program. After a membership certificate and pin were awarded Bill Lyle, program chairman for the month of July, Charles W. Hanna, introduced the guest artists.

The first on the program, Miss Mary Ann Kuhlman, 17 year old soprano, accompanied by her teacher, Mrs. Percy Metcalf, sang, "A Heart That is Free, by Robyn and then Rudolph Friml's "L'Amour-Toujours-L'Amour. As a finale to her three selections she sang, "Italian Street Song," by Victor Herbert.

"Scotty" Newkirk, a young violinist from Warsaw, accompanied by Prof. W. B. Hert, played Dvorak's "Humoreske" followed by one of the works of the late Victor Herbert, "Ah, Sweet Mystery of Life," a melody from

Rural Phone Bill Up

WASHINGTON, July 12.—(P)—The rural telephone bill came up in the House today. Opponents centered their fight on efforts to minimize federal-aid competition with privately-financed phone services.

The bill would permit the Rural Electrification Administration (REA) to make loans for rural telephone service the same as it has been doing for years in the field of electricity for farms.

Installation By Rotarians

Oscar DeWolf Is Given Gavel At A Banquet Session

The Sedalia Rotary club held its annual installation of officers banquet at 6:30 o'clock Monday evening in the Ambassador room of the Bothwell hotel, with the president, Rev. J. Fred King, presiding. About 150 Rotarians and their wives, the Rotary—Anns, were present.

Rev. D. Warren Neal gave the invocation of the evening. Emory Bowman was song leader, and R. M. Johns served as toastmaster. Miss Lillian Fox rendered piano selections.

Report on Convention

Oscar DeWolf and Mrs. DeWolf gave reports of their recent trip to the International convention of Rotary clubs, after which Mr. Johns introduced Ray Lippard, recently elected governor of the 134th district of Rotary. Mr. Lippard then installed the following officers:

President, Oscar DeWolf; vice-president, K. U. Love; secretary, W. E. Hurlbut, Jr.; treasurer, Henry Harris; sergeant at arms, Harry Naugel; directors, Emory Bowman, Otis Wiley, and Rev. J. Fred King.

Mr. King then handed the gavel, to President-elect DeWolf, after which Mr. Johns presented the past president's pin to Mr. King.

Mrs. King was presented with a pottery vase of two-tone flame gladioli and white carnations and Mrs. Lippard and Mrs. DeWolf were presented bouquets of mixed flowers by the club.

Mr. Lippard then addressed the meeting. Mr. Lippard is the first governor of Rotary that the Sedalia club has had in its 28-year history. He was elected without opposition from among the 51 clubs that comprise the 134th district.

Strike Order For 500,000 Is Expected

Truman May Stave Off Walkout in Steel Industry

PITTSBURGH, July 12.—(P)—President Philip Murray of the CIO-United Steelworkers said today his union would decide tomorrow its answer to President Truman's request to delay a steel strike for 60 days.

Murray told a news conference at conclusion of the wage policy committee meeting that President Truman had asked the union and the U. S. Steel Corp. to continue their contract two months after July 16 while a presidential board of investigators "inquired into the issues in dispute."

A meeting of the CIO-United Steelworkers expected to result in strike order for 500,000 workers began today. There were indications that President Truman personally may intervene to stave off a walkout in the basic steel industry.

The union's 170-man wage policy committee was in session when word came from Washington that the president may use his emergency powers in the steel labor dispute.

Philip Murray, leader of the union, said last night he would recommend a strike this weekend in support of the union's wage and pension demands. The strike call would be effective at midnight Thursday or Friday, dependent on union contract expiration dates.

Speedy approval of Murray's recommendations was expected from the policy committee.

Truman might intervene. News that President Truman might intervene was telephoned into the union meeting. There was no immediate comment from the union.

Murray's recommendations are expected to be approved speedily by the steelworkers' 170-man wage policy committee. It began a meeting at 9 a. m. (EST) here today. Murray said some 139 companies, including the giant U. S. Steel corp., will be affected by the week-end walkout.

Murray said last night he will recommend the strike start this week-end.

His recommendations are expected to be approved speedily by the steelworkers' 170-man wage policy committee. It scheduled a meeting here (9 a. m., Eastern Standard Time) today.

Murray, after a fruitless 2½-hour conference at Washington with Cyrus S. Ching, federal conciliation director, said contract negotiations with U. S. Steel Corp. and other basic steel producers are "hopelessly deadlocked."

The tight-lipped Scotsman hinted only presidential intervention could avert the walkout.

Believe Crew Members Dead

FRANKFURT, Germany, July 12.—(P)—The smoldering wreckage of a U. S. C-54 transport plane which crashed last night in the Russian zone was sighted from the air this afternoon.

There was no sign of life near the plane, indicating that all three crew members may have perished.

Earthquake Strikes Hiroshima

TOKYO, July 12.—(P)—Kyodo news agency reported this afternoon a strong earthquake struck atom bombed Hiroshima.

No seriously damage was reported immediately. A number of breaks in power lines disrupted service.

US Reporters Listed as Dead By Consulate

BOMBAY, India, July 12.—(P)—The American reporters listed as dead by the American consulate:

Nat A. Barrows, Chicago Daily News. James Branyon, Houston, Tex. Post. Fred Colvig, Denver Post. Miss Elsie Dick, Mutual Broadcasting system.

Tom Falco, Business Week magazine. Charles Gratke, foreign editor of the Christian Science Monitor, Boston.

S. Burton Heath (home Darien, Conn.) Bertram D. Mullen, New York Times. H. R. Knickerbocker.

Vincent Mahoney, San Francisco Chronicle. George Moorad, Portland Oregonian and Station KGW. William H. Newton, Scripps-Howard newspaper alliance. John Werklie, Time magazine.

Another American Killed

Another American killed was Lynn Mahan of New York, representing Theodor Swanson & Co., New York. This company, in cooperation with the Netherlands government, had invited American newspapers, radio stations and news agencies to send reporters on a tour of Indonesia, visiting The Hague enroute.

Indonesia has been torn by war between the Dutch government and the Indonesian republic. "Complete freedom of action" had been promised those accepting the invitation.

Two Americans originally in the party—Mrs. Dorothy Brandon of the New York Herald Tribune and William R. Mathews, Tucson, Ariz., publisher—had decided not to return aboard the ill-fated Constellation.

Mathews said on his arrival at Manila that Mrs. Brandon had refused to fly on the KLM aircraft because she feared it would be sabotaged. He quoted her as saying the plane would be "sabotaged as sure as your life."

No evidence that the plane was sabotaged has been uncovered thus far.

Surviving are his wife, Virginia, a son, Harry, and two daughters, Mrs. E. L. Parsons and Mrs. William Baker, all of Malta Bend.

Marshall Land Owner, Cattle Feeder Is Dead

MARSHALL, Mo., July 12.—(P)—Andrew D. Plattner, 84, extensive land owner and cattle feeder of Malta Bend, died in a hospital here today after a three-month illness.

Surviving are his wife, Virginia, a son, Harry, and two daughters, Mrs. E. L. Parsons and Mrs. William Baker, all of Malta Bend.

Thirteen American Correspondents Among 45 Killed Near Bombay, India

BOMBAY, India, July 12.—(P)—Thirteen American correspondents and 32 other persons died today in the crash of a KLM Constellation groping through monsoon rainstorms toward a Bombay airfield.

The American reporters were returning home from a tour of Indonesia sponsored by the Dutch government. It was the second tragedy to befall planes of KLM (The Royal Dutch Airline) within three weeks. The Constellation that carried the reporters to Indonesia crashed on its return trip to Europe, killing 33 persons off Bari, Italy, June 23.

The correspondents killed included Charles Gratke, foreign editor of the Christian Science Monitor and two Pulitzer prize winners—H. R. Knickerbocker and S. Burton Heath.

A 14th American killed was Lynn Mahan, a native Missourian representative of a New York public relations company. The others killed were 11 Dutch crewmen, including the general operations manager of KLM at Karachi, Pakistan; 17 other Dutchmen; two Chinese and one Britain.

Some Bodies Recovered

Thirty-three bodies had been recovered by nightfall, approximately 14 hours after the crash.

The plane struck a rocky hill-top while approaching the Santa Cruz airfield, 15 miles north of Bombay. It hit a hill near Ghatkopar, on the opposite side of the 30-mile-long island from Santa Cruz.

Monsoon rains beating down on the scene of the crash hampered search parties. The first to reach the area said wreckage was strewn over a two-mile area some two miles above sea level.

The plane caught fire and charred trees on the rain drenched hilltop. One eye-witness said the bodies were so badly burned that identification was difficult.

Worst Accident in India

The accident was said to be the worst in India's aviation history. The Indian government began an investigation and granted special authorization to KLM to send an aircraft and Dutch technicians to the scene.

The American newsmen aboard were returning from a tour of Indonesia sponsored by the Netherlands government. Two winners of the Pulitzer prize for news reporting were among those killed. They were H. R. Knickerbocker of radio station WOR, New York, and S. Burton Heath of NEA (The Newspaper Enterprise Association).

The Constellation was en route from Batavia to the Netherlands. An announcement by the airline at the Hague said:

Approaching Bombay

"The plane was approaching Bombay at 10 a. m., local time (10:30 p. m. CST, Monday) was caught in heavy monsoon weather and obviously was forced to continue circling around the air field.

"Thereafter the plane in its flight collided with a hill and was completely wrecked."

The plane was due in Cairo tonight and Amsterdam tomorrow. KLM officials in New Delhi pointed out that the line never had served Bombay as its pilots were unfamiliar with the Bombay airport area.

Rain has been coming down incessantly since yesterday and forecasts had predicted it would last at least another two days.

Denies Illegal Transactions

WILMINGTON, Del., July 12.—(P)—The government's anti-trust suit against E. I. duPont de Nemours is an attack on "bigness in business," says the president of that company.

In a letter to 100,000 duPont stockholders and thousands of du Pont employees and customers, Crawford H. Gwnevald yesterday denied the firm's transactions have ever been "illegal or improper in any sense."

Thought for Today

Our cares are all today, our joys are all today; And in one little word our life, what is it but—Today?—Tupper.

by Drew Pearson

WASHINGTON, July 12—While the atomic energy commission is informing Congress of streamlining methods for bigger and better atom bombs, army doctors have been working quietly to prevent loss of life from those same bombs—and with surprising success.

It can now be stated that, as a result of this research, army doctors have lost part of their fear of the bomb's casualties and that at least 20 per cent of the lives lost at Hiroshima could now be saved.

This is the conclusion of Col. Elbert de Coursey, commandant of the army's medical research school, whose principal assignment has been to prepare medical defenses against the atomic bomb.

He explains that 65 to 85 per cent of the victims at Hiroshima and Nagasaki died of burns and injuries, easily treated by medical science. The challenge to the medical profession therefore is to abandon the present method of treating each patient as an individual and work out a system of mass treatment. Even the assembly-line technique, Dr. de Coursey suggests, may have to be applied to medicine.

The doctors have also made progress in treating atomic radiation, which attacks the blood cells and causes hemorrhages. Tests on the animals at Bikini showed that atomic hemorrhages can be stopped by a common dye, known as toluidin blue dye. Thereafter the problem is to have enough blood plasma on hand to administer mass transfusions.

As further proof that the atomic bomb isn't as devastating as it has been built up to be, Dr. de Coursey claims that a person might even survive when directly underneath an atomic explosion—provided he were protected by a few feet of earth or concrete.

Furthermore it is believed that a person could come out alive from a simple, six-inch, concrete shelter, located even within the two-mile radius previously considered fatal.

In both cases the shelters would protect those inside from the deadly gamma rays. But whether the shelters themselves could withstand the terrific concussion, Dr. de Coursey points out, would depend upon how much was absorbed and deflected by the surrounding buildings.

Note—Dr. de Coursey admits that the super atomic bomb, developed since Bikini, would increase the casualties but not change the medical problem. The bigger the bomb the more the patients, but their treatment remains the same.

Another Cabinet Illness

The Truman administration may have the unfortunate experience of another very sick cabinet member, unless friends of Secretary of the Interior "Cap" Krug take him in hand.

Krug's fainting spell while testifying before the House public lands committee last month was

not an isolated one, but the third time this has happened publicly. While making a speech in Los Angeles, Krug was forced to stop, retire from the rostrum and could not resume. Again, at Phoenix, Ariz., while speaking on a national radio network, Krug was only two minutes through his address when he started to keel over and had to hand his speech over to someone else to read.

After his recent illness before the House public lands committee, Krug rested for half an hour, went back in the committee room and made a heroic effort to resume his testimony. He was unable to do so.

A hulking figure of a man and only 42, Krug looks the picture of health, but developed an athlete's heart while a football star at Wisconsin. This is now aggravated by high blood pressure and a weight of 270 pounds which he has not been able to reduce.

It has also not been helped by long and grueling hours in government service. Krug had an outstanding record with the Tennessee Valley Authority, performed a skillful and difficult job as chairman of the War Production Board, also served in the navy.

As secretary of the interior, Krug did a good job of battling John L. Lewis, but since then poor health has forced him to be one of the least active members of the cabinet. After his Los Angeles fainting spell, he was wise enough to take three months off. But another two months was necessary after the Phoenix incident. Since then, Krug is less frequently in his office than any other cabinet officer. Yet either pride or devotion to duty forces him to keep up the pretense of official activity.

The tragedy in the Forrestal case was that friends encouraged him to remain in office when many knew he was desperately tired and on the verge of nervous exhaustion. Friends of "Cap" Krug would do well to see that he does not make the same mistake.

New U. S. Citizens

Attorney General Tom Clark's campaign to educate naturalized Americans on the duties of citizenship is getting vigorous support from New York's radio station WHOM. Generoso Pope, who owns the station, came to this country from Italy with no parents, found his first job at the age of eight, but has now risen to become one of New York's most potent leaders. So he feels that he knows something about the advantages of U. S. citizen-

Our Boarding House... with... Major Hoople

ship and he wants others of New York's vast foreign-born community to feel the same. Run by his son, Fortune Pope, WHOM broadcasts in foreign languages 17 hours a day—longer than any other station in the U. S. A. During the Italian elections last year, WHOM arranged shortwave broadcasts from New York Italians to their relatives abroad, with the result that thousands sent democracy messages orally to the folks in the old country. It had an important effect on turning the election for democracy.

Congressional Teamwork

The closed-door meeting of Senate and House conferees on the public housing bill was a model of how Congress should, and can, act when it wants to. A total of 102 differences in Senate and House versions of the bill were ironed out in jig time.

Even GOP representative Jesse Wolcott of Michigan, leading congressional friend of the real estate lobby, went out of his way to cooperate in expediting a joint report of the bill. However, Wolcott was suspicious when Senator Burnet Maybank of South Carolina, a Democrat, wanted to insert an amendment guaranteeing that tenants would not be moved out of the slums faster than new public housing could be built for them.

"Why do you want to put that in the bill?" he asked Maybank. "Well, to be very frank, it will get us some more votes in the

next election," grinned the South Carolina senator.

Maybank's engaging frankness so startled Wolcott that he dropped his threatened objection and the Maybank amendment was approved.

Camouflaged Lobby

A bloc of private power companies, carefully camouflaged under the high sounding name of the "Northwest Development Association," is now active in lobbying against its own name—development in the northwest.

Inside fact is that the association is nothing more than a front for the private power lobby to

See Thursday's paper!

propagandize against the Columbia Valley Authority. This would bring to Oregon, Washington and the Columbia Valley what the Tennessee Valley Authority has brought to Tennessee, Mississippi and Alabama.

Positive proof has now been dug up by the Senate public works committee that the utility companies have been pouring money into this so-called "development association."

Here is the roll call of major contributors since 1945: Washington Water Power company, \$8,600; Pacific Power and Light company, \$5,900; Portland General Electric company, \$5,500; Puget Sound Power and Light company, \$3,250; Northwest Electric company, \$2,560; Idaho Power company, \$1,855; Mountain States Power company, \$1,100.

As samples of the hysterical propaganda this money pays for, here is what the Northwest Development association declared in a recent press release:

"(The Columbia Valley Authority) will gradually create a government monopoly with broad powers which would eventually regiment the entire economy of the Pacific Northwest. The creation of this 'new order' would be the beginning of the end of free government in the Pacific Northwest and the rest of the nation."

The same power companies, now opposing CVA, also opposed building the Bonneville and Grand Coulee dams which provided the power needed to produce aluminum, planes, ships and atomic bombs during World War

II. Yet they call their "front organization" the Northwest Development company.

Local Division CPA Now Has Airplane

According to Harry Trotman, the local division of the C. A. P. now has an airplane. Trotman reported this morning that an L-4 plane, similar to a Piper Cub, was brought to the Sedalia airport late Monday evening by himself and Bob Younger. The plane was procured from the C. A. P. headquarters in Kansas City. He said there were now 15 men in the Sedalia club eligible to fly the plane. The L-4 is now at the airport and will be stationed here for about a month.

Trotman stated that the club will have a Link Trainer for permanent use at the armory in a few weeks.

Fined For Non-Support Of Minor Children

Ervin Stephens, 1601 East Fourth street, was fined \$1.00 and costs in the magistrate court by Acting Magistrate Earl Crawford, this morning, on a charge of non-support of minor children. Stephens pleaded not guilty.

A hearing was held before Judge Crawford with evidence being presented by both the defendant and his wife.

Released On Bond

Charles W. Davidson, 1806 South Kentucky avenue, was arrested Monday night by Deputy Sheriff Lee Feaster on a warrant charging him with non-support of minor children. Davidson was released on a \$250 bond to appear in the magistrate court. The case has not been set for trial.

Stand For Blind Man in The P. O.

The Bureau for the Blind, of the State Division of Welfare, has set up a stand in the Sedalia Post Office for Cecil W. Murray, 434 East Saline street. Here Murray, 40 years old, who has been blind for the past five years, will sell candy, cigars and various sundries.

According to R. E. Butler, vending stand supervisor, of Jefferson City, who was in Sedalia today, under the Vocational Rehabilitation Act the federal government and the state furnish the fixtures, the Business Opportunity for the Missouri Blind, Inc., of the Missouri Lions club furnish the capital for the stock and Murray will operate the stand for the profit.

This is the twenty-ninth such stand that has been established for the blind over the state.

Webworms And Their Control

Numerous calls have been coming during the past few days to the County Agricultural Extension Office about controlling webworms. These worms are eating on corn.

Poison bait as is used for army worms is not effective on webworms.

County Extension Agent Roy I. Coplen, contacted George Jones, Extension Entomologist College of Agriculture, Monday in regard to latest information. The recommendation is to use a spray of 25% emulsion DDT. This is applied at the rate of 1 1/2 gallon per acre with a power sprayer using from 5 to 10 gallons of water per acre.

If an ordinary hand sprayer is to be used on small areas the 50% wettable powder is used, adding 5 to 6 tablespoonfuls of the material to a gallon of water. The plants are moistened rather than drenched.

Polio Cases in Arkansas up To 240 Cases

LITTLE ROCK, Ark., July 12—(AP)—Poliomyelitis today had jumped to an official-recorded 240 cases since Jan. 1 and had caused 13 deaths.

The 13th victim died at Hot Springs last night. He was William L. Tenny, 29-year-old former Marine from Arkadelphia, Ark. Tenny was the second adult to die of the disease. Other victims had been children.

Red Cross officials and the National Foundation for Infantile Paralysis yesterday classified Arkansas as one of three states in a "serious epidemic stage." An urgent call was made for nurses to care for acute cases.

Statewide 4-H club rallies for both white and Negro boys and girls, which had been scheduled for next month, were cancelled yesterday because of the polio situation.

Governor McMath said yesterday that Davis hospital, Pine Bluff, soon would have beds for 30 polio patients and that Leo Levi hospital, Hot Springs, could care for 10 if need be.

By the Associated Press

Oklahoma's deaths from infantile paralysis stand at 20 today with 200 other victims of the disease under hospital care in the state.

With available space taxed to capacity, the Oklahoma Hospital Association said Monday five more hospitals will set up polio wards to provide another 100 beds.

Polio In St. Louis

ST. LOUIS, July 12—(AP)—This year's polio count for the city and St. Louis county soared to 40 today, 11 more than at this time in the peak year of 1946.

One of four new victims re-

corded today was William Wittstock, 38-year-old St. Louis Janitor, who became the first adult patient of the season. He was reported in a serious condition.

The state flower of Florida is the orange blossom.

Promise of Excise Tax Cuts in 1950

Cushions Against Losses Held Out To Business Men

By Jack Bell

WASHINGTON, July 12—(P)—The promise of excise tax cuts in 1950—along with new cushions against losses—was held out to business today by Congress.

This was one of the most tangible reactions as lawmakers surveyed President Truman's 11-point beat-the-depression program.

There was evident agreement that only part of it could be put into effect before a pre-Labor Day adjournment this year. However, a leading Republican, Rep. Joe Martin of Massachusetts said that he agrees with Mr. Truman that within a few years the country can achieve a national output of \$300,000,000,000 a year. This is a fifth more than the present annual rate.

Relief Next Year

Chairman Doughton (D-NC) of the House Ways and Means committee joined with Chairman George (D-Ga) of the Senate Finance committee in promising relief next year from some of the heavy wartime taxes. These have been applied to a long range of items from furs to face powder, and including transportation fares and communications.

President Truman asked for repeal of the excises on freight as one of the measures to keep the economy rolling in high gear and head off a threatened business recession.

But George told a reporter any such move now would cost the government \$400,000,000 revenue in a period when Mr. Truman seems to have resigned himself to in-the-red financing by dropping his demand for any major tax increases.

Proposal Cleared

The finance committee already has cleared a proposal by Senator Johnson (D-Colo.) to knock out a long list on excise taxes at a revenue loss running up to \$725,000,000. Administration leaders are sitting on this move, despite its support by Senator McGrath of Rhode Island, the Democratic national chairman.

George said the tax on freight, which adds to the retail cost of about everything, "should be one of the first to come off."

Doughton made it clear that it will take time for Congress to level the excise tax barriers. He said if consumers are holding their buying for a tax cut, they will have to "wait quite a while" before they get one.

Dividends to GI's in January

WASHINGTON, July 12—(P)—Dividend checks from National Service Life insurance probably will start going out at the rate of 200,000 a day next January, the Veterans Administration said today.

Carl R. Gray, Jr., Veterans Administrator, said the complicated preparation procedure makes payment this year impossible. Gray's letter replied to published charges that the dividend is being delayed until an election year for political reasons.

The Veterans Administration is going to pay a \$2,800,000,000 special dividend on about 20,000,000 policies held by 16,000,000 World War II veterans and servicemen. Individual payments will vary widely depending upon the type and size of policy and the length it has been in effect.

Television Set Fascinated Burglars

ELIZABETH, N. J., July 12—(P)—Why bother with a burglar alarm? Just keep your television set in working order when you go away from home.

Police reported today that burglars apparently were so fascinated with the television set in the home of Mr. and Mrs. William E. Weber that they didn't get around to taking anything of value from the house.

The police found the flood around the machine littered with cigar and cigarette stubs, empty whiskey bottles and looted sardine cans. But although the house was thoroughly ransacked by the burglars, police said nothing seemed to be missing.

New Weather Bureau Office

WASHINGTON, July 12—(P)—Administrative affairs of weather bureau offices in 15 states will be handled in a new administrative office at Kansas City.

Weather bureau officials said the administrative field office at Chicago was merged with the Kansas City office July 1 in an economy move. The Chicago office formerly handled eight states and the Kansas City office seven states.

The Kansas City staff will be enlarged by about 25 persons, 10 or 12 of them transferring there from Chicago.

The administrative service handled reports, payroll, supplies and transfers of personnel in lower civil service grades for smaller forecasting offices in the area.

There are about 100 forecasting offices in the 15-state region, which includes Ohio, Kentucky, Indiana, Michigan, Illinois, Wisconsin, Minnesota, North Dakota, Missouri, Iowa, South Dakota, Nebraska, Kansas, Wyoming and Colorado.

Doesn't Like Walking Behind Husband

LOS ANGELES, July 12—(P)—Mrs. Johanna Braverman, 44, doesn't go the idea of walking 20 paces behind her husband, as some South American Indian women do.

So she filed suit for divorce yesterday against George Braverman, 51, a construction engineer.

"He told me that Indian husbands in South America made their wives walk 20 paces behind them and that he liked the idea," Mrs. Braverman said, adding that he made her walk that way.

Braverman didn't deny the accusations, but claimed that in 1945, with her knowledge and consent, he obtained a divorce decree in Las Vegas, Nev., after they had signed a financial agreement. He has since remarried.

New Routing Permit For CB&Q Railroad

WASHINGTON, July 12—(P)—The Interstate Commerce Commission today authorized the Chicago, Burlington and Quincy railroad to establish a short-cut freight route between Kansas City and St. Louis.

The new routing, by way of Francis and Mexico, Mo., will mean a saving of about 66 miles over Burlington's present 338-mile freight route via Cameron Junction, Brookfield and Palmyra, Mo. It involves Burlington's rental of about 158 miles of trackage rights from the Gulf, Mobile and Ohio railroad.

Mrs. Perle Mesta on Way to Independence

WASHINGTON, July 12—(P)—Mrs. Perle Mesta, new minister to Luxembourg, was reported en route today to Independence, Mo., for a visit with Mrs. Harry Truman at the summer White House.

Friends said she was expected at Independence tonight. From there she expected to go to Oklahoma on business. To her home at Newport, R. I.

Mrs. Mesta, sworn in as minister last week, plans to go to her Luxembourg post about mid-August.

Left-handed Shake For The Reuthers

Victor Reuther (left), education director for the United Auto Workers-CIO, making his first public appearance since an attempt was made on his life May 25, shakes left-handed with his brother, Walter Reuther (right), president of the UAW, at the huge union's annual convention at Milwaukee. A similar attack was made on Walter Reuther's life in April of 1948. Both received severe injuries and shattered right arms. Union Printers Strike in Spg.

SPRINGFIELD, Mo., July 12—(P)—The Springfield Daily News published its regular final edition today despite a strike of union printers.

The final edition came off the presses two and a half hours late. The printers struck last night over wages and hours. The first edition of the morning paper was not published.

Arch Watson, business manager for Springfield Newspapers, Inc., said the printers had asked an increase in pay and a 3 1/2 hour work week. The present work week is 40 hours. Printers on the day shift have been receiving \$1.50 an hour and those on the night shift \$1.90.

Watson said negotiations broke down on the 37-hour week proposal and that negotiators had not yet discussed wages.

The morning edition was published with the use of teletypes, plus the regular line-types, some non-union help and assistance from workers in other departments. Only the printers are striking.

Six to eight pickets, carrying umbrellas, walked in front of the plant today but they made no effort to halt persons crossing the line. Other crafts, including pressmen, mailers and stereotypers, crossed.

Two Cars, Farm Wagon in Wreck

Two automobiles and a farm wagon, driven by an 11-year-old boy, were involved in an accident Monday morning on highway 50 near Knob Noster.

The wagon, drawn by a team of horses, was driven by Ray Cockrum, who was accompanied by his younger brother, Denny. Behind it was a 1937 Dodge sedan, driven by E. M. Morrill of Warrensburg. Behind Morrill's car was a 1942 Dodge sedan, driven by Theodore Schwermer of Sedalia.

All three vehicles were traveling west, and when the last car in line started to go around the other car and wagon, both cars collided. The right side of the Schwermer car was smashed, with damages estimated at \$150. Damage to Morrill's car, on which a right fender was smashed, was estimated at \$50.

The wagon suffered only minor damages, but the team of horses ran away, throwing the driver out of the wagon. Denny stayed in the wagon until it stopped when the team struck Schwermer's car and ran the tongue of the automobile.

Voting On Extension Of City Limits

SIKESTON, Mo., July 12—(P)—Sikeston residents were voting today on a proposal to extend the city limits to take in an area which would increase the population of the city to more than 10,000. Considerable opposition has developed in some sections to be taken into the city. However, those within the present city limits only are eligible to vote.

Former Missourian Dies in Texas

FORT WORTH, Tex., July 12—(P)—Jonas B. Dearmont, 88, retired Missouri attorney and once active in Democratic politics in his home state, died here yesterday.

Born at Mound City, Mo., he studied law as a youth while teaching rural school near his home. He served in various county and district offices.

French Plane Crashes, Eighteen Are Killed

AGADIR, French Morocco, July 12—(P)—A French military plane crashed here yesterday killing 18 persons, the French news agency reported today.

The wreckage of a Junkers 52, flying from Agadir to Dakar with 12 passengers and six crewmen, was found on a beach south of here.

Five New Polio Cases In Kansas City

KANSAS CITY, July 12—(P)—Five new polio cases were reported here today, raising the total for the year to 14.

The county health department reported most of the new cases were mild and all the children stricken were reported in a satisfactory condition.

Labor Leaders Want To See Bill Signed

JEFFERSON CITY, July 12—(P)—A bill that kept the Missouri legislature in a turmoil for months will be signed by Gov. Forrester Smith, probably tomorrow.

He said today he plans to sign a bill repealing the Madison labor control act as soon as union officials can agree on time. Two men who helped shove the bill through the legislature want to be on hand for the ceremony.

They are James A. Davis, executive secretary of the state CIO council, and R. T. Wood president of the State Federation of Labor.

The governor said he had promised to use a pen from each of the union organizations in signing the bill.

Takes Issue With Sen. Taft

WASHINGTON, July 12—(P)—Senator Dulles (R-NY) today urged Senate approval of the North Atlantic Pact. He said it is the only measure that promises to save "our hopes for a peaceful and free Europe."

Dulles said the pact should save Germany for the west and spike "the Communist twin guns of false promise and threat."

The New Yorker, appointed only last week by Gov. Thomas E. Dewey of New York, took sharp issue with Senator Taft (R-Ohio) in his first Senate speech.

Without mentioning the Ohio senator by name, Dulles disputed Taft's contention that the pact commits this country to tremendous foreign arms program.

Uncle Sam is Spending More Than he Gets

Treasury Trying To Decide How To Raise Money

By Sam Dawson

NEW YORK, July 12—(P)—Uncle Sam is in the red again. He's spending more than he takes in—he has more relatives and old friends dependent upon him than a movie star.

And the U. S. treasury is now trying to decide— from a number of suggestions by interested parties— which is the best way to raise the cash to pay the bills. It's looking for the way that will be the least painful for the treasury and at the same time be profitable for the banks and may-be give business a helping hand, too.

The treasury calls this deficit financing.

Six months ago President Truman wanted more taxes to keep the treasury in the black, saying a budget surplus "is essential to sound fiscal policy." Now he plumps for deficit financing as the better course at this time.

Two of The Biggest Items

His economic counselors say in their mid-year report that if we cut down on foreign aid and national defense— two of the biggest items— we'll not only be taking a serious risk, but will be cutting off the flow of federal dollars to consumers and thus lead to more lay-offs.

Deficit financing will pump new money into the economic stream, through treasury borrowings from banks. At the same time, various industries will profit from continued government buying, subsidies and social security payments. According to this school of thought, this will give time for everyone to get his second postwar wind and be off again on the road to prosperity.

They contend that borrowing is an accepted practice in the business world. Great industrial empires are started on borrowed money. Corporations borrow to expand, to meet payrolls, to finance inventories in anticipation of future sales.

Used To Deficit Financing

Certainly the American people are used to deficit financing by now. We've been in and out of the red with Uncle Sam for years. In the last 30 years rarely— in the middle '20s and again a year ago— have we used black ink. Meanwhile the federal debt has grown to more than \$252 billion. The question businessmen ask is how much higher can it safely go.

If it's finally decided to go on spending at the old rate, the next problem is just how the treasury should borrow the money to meet the bills.

Long-term bonds with comparatively high interest rates will appeal to private investors and institutions and cost the treasury most. Banks with money on their hands just now because business loans are falling off are urging medium-term treasury notes with moderate yields.

More Demand For Loans

When there was more demand for business loans, which are much more profitable to a bank, the treasury's practice of financing its cash needs with short-term certificates with a low yield gave the banks a chance to keep any idle funds earning a little and still easily available when a good business risk came along.

But last night the treasury sold \$900 million of these short-term bills at an average rate of 0.923 per cent— two weeks ago it had to pay 1.158 per cent. Naturally, the banks don't find the new low rates too attractive.

Farmer Mad At His Bull

NORTH ANDOVER, Mass., July 12—(P)—William A. Mazarinko and his large, brown bull aren't speaking today—not after what happened this morning.

Fire broke out in the Mazarinko barn about dawn and Mazarinko called the fire department which rushed apparatus out to the farm—or almost to the farm.

The bull plainly didn't like red fire engines—he just planted himself in a narrow roadway and challenged the firemen to come on. They didn't.

Doubling as picadors, the fire fighters armed themselves with pitchforks and drove the bull back into a field. The bull got loose and came back. The fire was getting worse. The firemen finally penned the bull in a nearby pasture.

By that time the big, wooden barn was beyond saving. Loss approximated \$12,000.

Heavy Rains In The State

KANSAS CITY, July 12—(P)—Rain measuring from an inch to more than four inches fell in northwest Missouri early today.

The greatest downpour reported was at Macon— 4.45 inches—in a three hour period before 7 a. m. There street gutters were taxed and water covered sidewalks at some points.

Other rainfall reports included Trenton 4.07 inches, St. Joseph 2.94, Edgerton 2.33, Grant City 2.27, Bethany 1.87, Tarkio 1.74, Burlington Junction 1.53, Chillicothe 1.05 and Gallatin .98.

Ralph Aldrich, river forecaster here, said the North Grand river would rise to close to bankful by evening. The Thompson Fork river near Trenton rose seven feet but was still far below flood stage.

No flood was expected in the Missouri river as result of the heavy rainfall in the St. Joseph area.

Drowns Trying To Save Child

BENNETT SPRINGS, Mo., July 12—(P)—William Splian, 51, an expert swimmer, drowned in the Neangua river yesterday while trying to save a 10-year-old girl. She was rescued at last by Splian's 12-year-old son, William, Jr., who pulled her into a boat.

The girl is Judith Reed of Carrollton. She responded to artificial respiration but the elder Splian did not.

As a youth in St. Louis Splian made 10-mile swims in the Mississippi river and won local amateur honors. He bought the Bennett Springs hotel only last November.

Sheriff Neil Brown of Laclede county said Bryan Bush, 34, of Kansas City, first tried to save the girl but couldn't help her and barely got back to shore. Then Splian dived in with all his clothes on.

All-Stars Won Annual KOM League Game

Winners Took Command by Beating Independence 8-6

INDEPENDENCE, Kas., July 12 —(P)—The K-O-M League All-Star game is out of its extra inning rut, and the All-Stars are back in command.

The All-Stars rallied for four runs in the eighth inning last night to defeat Independence 8-6 in the league's annual game.

Bill Creech of Iola was the winning pitcher.

At a business session yesterday the league decided both semi-final and final playoffs this fall will be the best three-of-five series. The final playoffs had been a best of seven series.

The league resumes regular play tonight with Bartlesville playing here Carthage at Pittsburg, Chanute at Ponca City, and Miami at Iola.

Last night's score:

All-Stars 000 130 040—8 7 3
Independence 013 000 200—6 7 6

Wuethrich of Carthage, Grove of Ponca City (4), Creech of Iola (5-won), Waltman of Pittsburg (8) and Manns of Carthage, Keeter of Ponca City (6); Wiesler, Speck (2), Long (3), Mallon (6-lost) and Whitaker, Newbill (3).

• Sport Roundup

By Hugh Fullerton, Jr.

PHILADELPHIA, July 12—(P)—Financial dept. . . . When Kid Gavilan fought Ray Robinson in an unremunerative non-title bout last year, he could have collected a \$5,000 forfeit because Ray was over the stipulated weight. He didn't—apparently on the theory that businessman Robinson would not give a title shot to a guy who had kicked him for that much. . . . Well, the kid got his shot all right, and it didn't make much more noise than a pop gun, but he collected about \$23,000 out of it. . . . Ray got \$50,000 or thereabouts, nearly twice as much as he earned in any of his 98 previous fights. . . . Robinson, a guy who keeps promoters nervous, apparently hasn't changed. There were at least three different announcements right after the scrap about his future plans. . . . You'll know which was correct when he gets into the ring again.

Sheer Courage Dept.

In press headquarters before the fight, Harry Lenny was reminiscing about the days when he managed Jack Delaney. . . . "Delaney was the hardest right hand puncher I ever saw except Peter Maher," Lenny insisted. Then he went on to intimate that Maher lacked the heart to make a great fighter. . . . That reminded one of the writer of a big, but faint-hearted heavyweight Joe Gould once managed before Joe hooked up with Jimmy Braddock. . . . During a tough bout the fighter came to his corner, looking sadly beaten and complained that he thought he had broken a hand. . . . "Look here," Gould told him, "You're not going to quit in my corner. If you want to quit go in the middle of the ring and do it, not here. I'm the game manager in the business."

Ringside Returns

One reason why Robinson vs. Gavilan was tabbed as "the fight of the year" was that it attracted some 200 newspapermen from the various parts of the United States and Cuba. . . . When Kid Gavilan fought Johnny Williams in one of his first bouts in New York, Williams, a terrific puncher, belted him right on the chin. . . . The Kid's knees buckled, but he came right back and floored Johnny. . . . After the fight, Williams told Gavilan: "I broke seven jaws with that punch. Anybody who stands up like you did is going to be champion."

Information Concerning Today's All-Star Game

Practice Game by Junior Legions

A practice game between the Sedalia Junior Legion Post 16 and the Lexington Junior Legion will be played at 8:30 o'clock tonight at Liberty park.

Sedalia defeated Lexington in two playoff games to win the privilege of representing District Seven in the Zone tournament. Sunday, however, the Lexington team humbled the Sedalia Legion, 16 to 6 in a practice game at Lexington.

Brown or Ray will pitch for Sedalia in tonight's contest with Nold receiving. Other members of the starting lineup will include Ruffin, cf; Morgan, 2b; Walker, ss; Holst, lf; Broadbuss, 1b; McCrary, rf and Cochran, 3b.

Walker and Nichols will umpire the game.

K. of C. Defeats Concordia 5 to 3

The Knights of Columbus softball team journeyed to Concordia Sunday and defeated that team by a score of 5 to 3. In a preliminary game the Sacred Heart girls' team was defeated by the Concordia girls by a score of 9 to 6. In the Knights' game Schwerner on the mound for the Knights pitched a steady game allowing seven hits. Concordia scored their three runs in the sixth after the Knights had gone in the lead with two in the fifth and three in the sixth. C. Weller of the Knights had two hits which drove in three runs.

The Knights were defeated last Friday evening at Lincoln in a league game by the score of 10 to 5. This broke their winning streak of six games and gives them a record in the league of 5 and 3. Lyles and Cramer were on the mound for the Knights and a combination of loose fielding and ineffective pitching was responsible for the loss.

The Knights are scheduled to play off a postponed league game at Stover Wednesday night and will play a regular league game with Warsaw on Friday night. The Knights defeated both these teams earlier in the year.

The following players will make these trips: C. Weller, D. Weller, W. Dick, R. Dick, Wall, Schwerner, Lyles, Cramer, Bergman, Means, Jackson, Taylor, White, Manager Bundy and R. Ash, who is still out of action because of his injured hand.

Tri-County Lake Committee Meets

The Tri-County Lake committee, composed of representatives from Cooper, Saline and Pettis counties, met at Marshall Monday night at which time a discussion of a proposed lake and site was held. Dr. G. B. Herndon, of the Conservation commission, was present and took part in the discussion in behalf of the commission.

Oscar Leslie and E. C. Wollet represented Pettis county at the meeting.

The plan is to construct a lake by the state in some locality which would well serve the tri-counties and which would also be well stocked with fish. Federal aid would also assist in the construction of such a project.

A site was selected as a starter which is located about a mile east and a mile south of highway 40 on the boundary of Pettis and Saline counties. Dr. Herndon told the group he would have the commission engineers to make a survey of the land and any other lands which might be available in that locality.

The group has not completely settled on the site and is open to suggestions. Any person or persons who have at least 125 acres of land which would have a drainage from surrounding acres and interested in seeing it made into a lake should contact the committee.

Mr. Wollet, this morning, said Mr. Leslie and himself would be happy to discuss any plan regarding the lake and meet with others who have the acreage and desire to have it investigated for the lake.

U. S. Public Links Title Is Wide Open

By Pete Arthur

LOS ANGELES, July 12—(P)—A Honolulu truck driver, a Phoenix schoolboy and a collegian fresh from a Portland, Ore., graduation procession loomed today as golfers to beat for the U. S. Public Links golf championship.

But out of the running the first day's play are the defending champion, last year's runnerup, a former title holder and a couple of northern California favorite sons, each highly touted in pre-tourney talk.

Best Opening Round

The best golf of the opening round smoked from the putter of Frank Rutkiewicz, the Honolulu trucker, who carded a 31 on the par 35 first nine to smother Ben G. Hughes, Portland, Ore., a finalist at Atlanta last year, 6 and 5. But another Portlander, Victor Gildmeister, duplicated Rutkiewicz's 31 to outclass George Puetz, Seattle tavern owner, 5 and 4.

Today's pairings include: Ronald Williams, Alhambra, Calif., vs. Art Jennemann, Jennings, Mo. James R. Spencer, St. Louis, vs. Michael Szwedko, Stillwater, Okla.

Find Key in Door

The Stephenson Real Estate Co., 102 East Fifth street, front door was found unlocked by the police about 2:45 o'clock, this morning. The key had been left in the door. Police locked the door and took the key to the police station after leaving a note where the key could be obtained by the owner.

Robinson is King of The Welterweights

Fight Drew A Gross Gate Of \$175,754

PHILADELPHIA, July 12—(P)—Ray Robinson is still king of the welterweights but he would readily give up the crown for a shot at Jake LaMotta's middleweight title.

If there ever was any doubt whether Sugar Ray is the best of the welters, he erased that impression last night with a clean cut, unanimous decision over Cuba's hustling Kid Gavilan.

Robinson announced he was perfectly willing to continue fighting in the 147-pound division.

"But I would gladly give up

Wall Ends Race For 'Hot Rod'

Driver "Wild Willie" Sternquist (center) of Chicago grimaces with pain after the car he was driving crashed into a side wall at Soldier Field during a "hot rod" race. The vehicle careened into the wall on a turn. Sternquist was taken to Waltham Memorial hospital for treatment of severe cuts and bruises and injury to both legs. (AP WIREPHOTO)

CLIPPED ANGEL

THE STORY: Mike McTig, a mining engineer, in spite of his ideas about women mine operators, has agreed to help beautiful Cory Parnell find out why the mine she inherited from her father is not producing high-grade ore. Mike makes secret samplings and finds out that it disagrees with company figures. He tells Cory that the ore must be spirited out of the mine somehow and marketed through a dummy mine nearby. He sets out to find the dummy. He visits several places and finds that there is suspicious secrecy at the Argus Mine, but this evidence is not conclusive. After visiting nearly every outfit near the Black Angel, Cory's mine, Mike returns. It occurs to him that while he's investigating at the mine, the gang stealing the ore wouldn't operate—they'd sit tight.

XII
THE humor of the situation struck me as I drove back to the boarding house. If the gang couldn't afford to pinch Cory Parnell's high-grade ore while I was around, then everything mined would go into the mill.

And, if that happened, the mill feed would jump to \$15 a ton and everything would be lovely.

I grinned to myself at the thought of the fancy explanations that would be forthcoming.

Next morning, Friday, I dropped into Cory's office early.

"When do you get smelter reports on your concentrates?" I asked.

She pointed to a fat unopened envelope on her desk. "That will be for Wednesday's car."

I did a little figuring. "Then, for the car that rolled yesterday—that was Thursday—you'll get the figures tomorrow?"

She nodded.

"Could we get them today?"

She studied for a moment. "If I phoned long distance this afternoon, I guess we could. But, why so curious? Getting the news early won't make it any better."

"It'll be good news."

"What makes you think so?"

"According to your mill-flow

sheets it has to be. The \$15 ore I sampled on Tuesday night was mined on Wednesday. It was milled and concentrated on Wednesday night, dried, loaded, and shipped on Thursday. Q.E.D. Instead of running forty-five or fifty bucks to the ton, those concentrates'll run a hundred and fifty—three thousand bucks instead of one thousand—and as long as I'm around the mine all your cars will be that way."

SHE wasn't buying. "There's a hole in your argument, Mike. If the car values jumped like that it would look suspicious."

"Oh, there'll be explanations," I said, "lots of 'em—the pay-streak must have widened unexpectedly, the crew must have struck a rich pocket, and so on. The point is, the gang is on the spot and it's safer to go straight temporarily than risk my discovering their technique."

Cory looked at me a couple of seconds as if she were trying to decide whether I had good judgment or was only making wild guesses.

"Then what?" she asked.

"We'll listen to the explanations," I replied. "The fellows who do the talking may put us onto the right track on how this ore is being taken."

"All right," she said doubtfully, "I'll phone the smelter late this afternoon."

"Fine—and then we'll break the news to various people. I want to be around to watch the reactions."

THAT was a little after 10 o'clock in the morning. I phoned Effie to get the dope on Argus Mines, then I buckled down to look for that hidden entrance—or exit, I guess, would be more accurate.

I didn't have a map of the

workings—Parboiled Parnell had looked on maps and surveys and sissy things. Like most oldtimers, he relied on what he called a nose for ore, and judging from the results, in those early days he must have smelled it every 20 feet along the tunnel.

The ground was riddled with abandoned holes. The original No. 1 vein had long ago pinched out in barren rock, as had Nos. 2, 3, and 4 in the course of time, but the old drifts and connecting crosscuts and raises were still there.

They started about a hundred feet from the portal and nearly all of them had been allowed to cave in one place or another. They didn't interest me because I was looking for a hole in good repair that showed signs of recent use.

I went in the full 1700 feet along the haulage level to the working stopes and then turned around and started back, playing my lamp over every foot of wall surface.

There were dozens of side tunnels to keep me occupied. They had been driven for the same purpose as the caved ones near the portal—to follow up ore shoots—and always they ended up with a blank wall where the vein pinched out or was given up as not worth working.

I took time out for lunch and a phone call from Effie. The Argus outfit had two shareholders, who were also the directors.

Effie had tracked them down and they turned out to be a lawyer named Hennessy and his stenographer. That meant exactly nothing, because using a lawyer as a front is a frequent dodge in the mining game.

"Okay, Effie," I said. "Thanks for trying."

I hung up and went back to the mine.

Hughesville Club Meeting

The Hughesville Woman's Extension club, met Wednesday for a covered dish luncheon, at the home of Mrs. William Binkley, with Mrs. Will Fowler and Mrs. Marvin Houchen as assistant hostesses. The meeting was called to order by the president, Mrs. Clinton Lowrey, by reading of the club collect in unison, prayer, and singing of the club song. The secretary called the roll with the answer "The country I would visit most."

The visitors present were Mrs. Fred Hoos, Mrs. Das McClure, Mrs. George Callis Sr., of Luxor, Ark., house guest of her sister, Mrs. Will Fowler and Mr. Fowler. Devotional was given by Mrs. Art Martin. Mrs. Dwight Lowrey, leader, presented the following program on "American Traditions." Song, "America"; prayer, Mrs. Will Fowler; "Our Constitution and Government," Mrs. Cunningham; accordion solo, Mrs. Joe Williams; article on "Miscellaneous Subjects," Mrs. C. Rages, Sr.; song, "America the Beautiful"; "How to Respect and Display Our Flag," Mrs. Raymond Nagle; song, "The Battle Hymn of the Republic"; "Freedom Train," Mrs. D. Lowrey.

Funds were sent to Mr. Copel and to pay the expenses for a member of the 4-H club of Pettis

county, to attend the 4-H camp. The club's annual picnic will be held at Liberty park on Thursday, at 6:30 p. m., August 4, instead of the regular club day on the first Wednesday of the month.

Plane On Rescue Mission Down

SAN FRANCISCO, July 12—(AP)—A coast guard seaplane crashed while on a rescue mission at sea Monday, but the coast guard said all 11 persons aboard were saved.

The plane apparently was trying to set down to remove an elderly Filipino woman from the Philippine steamer Dona Aurora. Persons aboard the plane, including San Francisco Call-Bulletin reporter R. E. Jones, were picked up by the ship, the coast guard said.

The scene was about 480 miles northwest of San Francisco. The plane sank.

The pilot was Lieut. Commander Ira H. McMullen.

The plane was going to the aid of Mrs. Teresa Luling, 70, who was reported suffering from sprue, tropical disease.

Child Fatally Injured By Motor Car

FULTON, Mo., July 12—(AP)—Roger Gayle Cole, three, died today of injuries suffered Satur-

day night when struck by a motor car on U. S. Highway 40 eight miles northeast of Kingdom city.

The child, son of Mr. and Mrs. Elmer H. Cole, Williamsburg, broke away from his parents as they were crossing the highway.

Administrative Weather Office

WASHINGTON, July 12—(AP)—Establishment of an administrative weather bureau forecasting office at Kansas City to handle administrative affairs in 15 states was announced Monday.

Officials of the weather bureau said the administrative field office at Chicago, which covered eight states, was merged July 1 with the regional office in Kansas City, which formerly handled administrative affairs for seven states.

There are approximately 100 weather forecasting offices in the 15-state region.

The weather bureau said the merger was an economy move. About 25 additional persons will be employed at the Kansas City office, 10 or 12 of them transferring there from Chicago.

The 15 states include Ohio, Kentucky, Indiana, Michigan, Illinois, Wisconsin, Minnesota and North Dakota, from the former Chicago region and Missouri, Iowa, South Dakota, Nebraska, Kansas, Wyoming and Colorado in the Kansas City region.

E. T. Anderson Head Of The Elks

CLEVELAND, July 12—(AP)—Emmett T. Anderson of Tacoma, Wash., was elected Monday to head nearly 1,000,000 members of the Benevolent and Protective Order of Elks.

Anderson was chosen Grand Exalted Ruler at the opening business session of the grand lodge's 85th annual convention. His predecessor, George I. Hall of New York city, saw Elk membership increase 39,703 in the last year to 965,387 paid members as of last March.

Yes, look, try, compare—the Nash Airflyte has set a new standard by which automobile value must be measured.

Look at the room! Here are seats so wide they can become Twin Beds... an interior a foot longer than most—extra roominess in every direction... plus a spacious 28-foot luggage compartment.

Try the ride! You'll say the road is velvet—all four wheels cushioned by coil springs. Here is the smoothness of Uniflo-Jet Carburetion... the freedom from wind noise of perfect streamlining without fender opening—a far quieter ride.

Compare the value! Here is the only car with Weather Eye Conditioned Air... with engines so efficient you get more than 25 miles to the gallon in the big Nash "600" at average highway speed... with Uniflo-Jet Body-and-frame... with curved, undivided windshield on all models... with Cockpit Control and the Uniscope.

See your Nash dealer for a demonstration of a Nash Airflyte "600" or Ambassador. Look, try, compare—you'll buy Nash!

Unemployment Figures Are Reflecting Normal Market

By Rader Winget
Unemployment figures, like everything else, are reflecting the return to a normal buyers' market. But unemployment, while on the increase recently, still is only slightly above average when viewed in the perspective of the last hundred years.
However, that's small comfort to the 3,778,000 persons pounding the pavements looking for work today. And it is little help to a community paralyzed when its biggest industry shuts down.
But the figures show that, even if the nation maintains a fairly prosperous economy with "full employment" in coming years, we can expect at least an average minimum unemployment of between 3,000,000 and 3,500,000. That conclusion is based on a

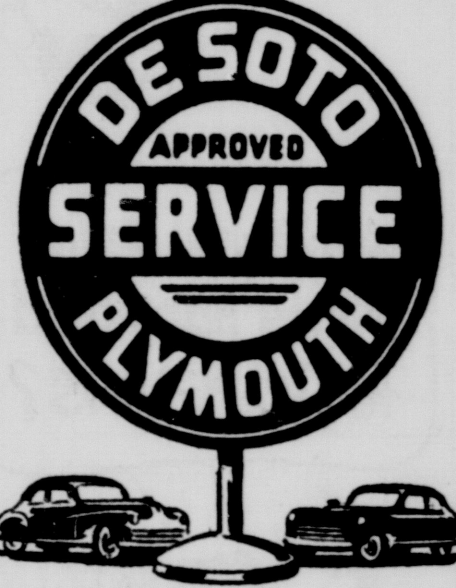

study by the Twentieth Century Fund, which found that five per cent of the labor force under normal conditions are looking for work at any given time. The fund is a non-profit foundation conducting research on current economic problems.
Rise Predicted
Labor organizations and various federal government economists have predicted a possible rise in unemployment to around 5,000,000 this winter. That's above the five per cent line and gets into the emergency zone.
President Truman, in his economic report to Congress yesterday, said "there is nothing healthy about more unemployment." He added that "unemployment has not risen to the dangerous levels which would call for all-out emergency measures."

Traffic Cases In Court Today

Eight persons were "tagged" on West Broadway, Monday night, for driving 40 miles per hour or more. Of the number, six forfeited cash bonds and two pleaded guilty to exceeding the speed limit. Eleven overtime parkers forfeited one-dollar cash bonds and two, who double parked, forfeited two-dollar cash bonds, when they failed to appear before Judge Harry O. Berry.
A. R. Baughman, Florence; John W. Golden, Lathrop; Donald Hobbs, Verona; W. F. Richardson, Atlanta, Ga.; Walter Ring, Indiana, Mo., and Reynolds F. W. Quinn, Versailles, a former Sedalian, all forfeited \$10 cash bonds. T. M. Wilson, 1105 Ware avenue, W. C. Cramer, 109 East Seventh street, pleaded guilty and were fined \$10.
A. Chancellor and Ervin Hempe, Sedalians, forfeited two dollar cash bonds for double parking.

Slash Funds Of Marshall Plan Aid

Committee For Cut Of 10 Per Cent Off Second Year

WASHINGTON, July 12—(P)—The senate appropriations committee voted Monday to slash 10 per cent off the second year funds asked for the Marshall plan.

And it tied up \$50,000,000 of what was left in order to cut Spain in on the European recovery program if the administration sees fit.

The recovery program would get \$3,778,380,000. President Truman had asked \$4,198,200,000. A committee member said one group fought to chop off 19 percent.

Chairman McKellar (D-Tenn.) estimated that the committee cut a total of \$748,820,000 off President Truman's budget estimates for actual appropriations in foreign spending, which includes other programs besides the Marshall plan.

General Reduction

The members gave formal approval in a bitter closed-door session to reducing foreign spending in general.

Chairman McKellar announced these results:

(1) \$3,628,380,000 in appropriations for the economic cooperation administration to run the recovery program plus authority to make loans of \$150,000,000 through the export-import bank.

(2) \$900,000,000 for government and relief in the occupied areas of Germany, Austria, Japan and the Ryukyu islands. This is a flat 10 percent cut.

(3) \$45,000,000 for aid to Turkey and Greece also 10 percent of the budget request.

(4) \$50,000,000 of ECA funds were earmarked for loans to Spain if ECA Chief Paul Hoffman determines aid should be extended to the Franco government.

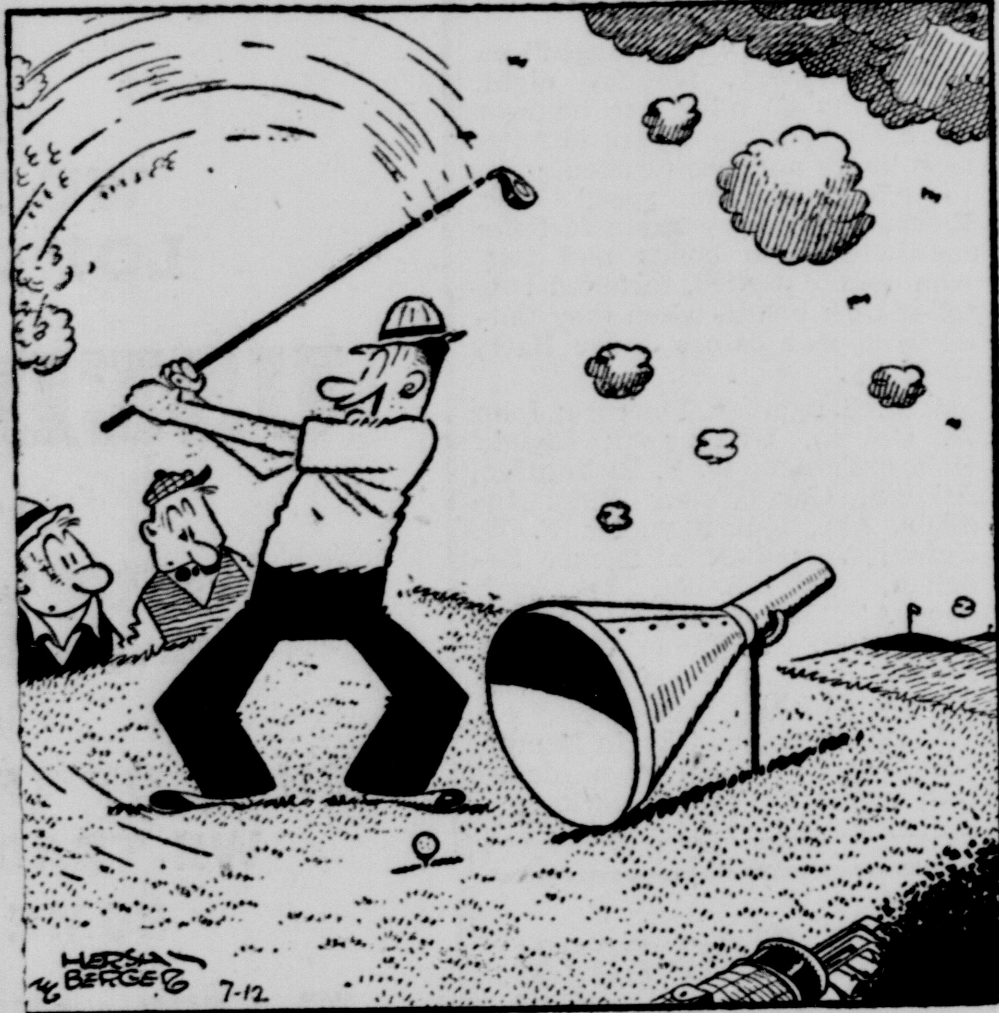

(5) \$1,000,000,000 for ECA operations during the recent April-June quarter, a cut of \$74,000,000.

The sum voted for the Marshall plan would be spread over the 12 months ending June 30, 1950. This is \$209,910,000 more than the house had voted—but the house bill would have permitted ECA to spend its funds in 10 and one-half months if necessary.

By a tie vote—9 to 9—the committee defeated an amendment by

Sen. Kem (R-Mo) which would have denied ECA to any nation which continues to nationalize any of its basic industries.

This amendment was aimed by Kem particularly at Britain's nationalization program.

Sen. McClellan (D-Ark) said the committee accepted his amendment requiring that countries using U. S. funds to buy commodities in which this country has a surplus must buy them here.

Resources

It is estimated that there is enough coal in the United States to last 2000 years, and enough oil to last a century. There probably is enough motor fuel to supply all needs for at least 2900 years.

Denial Of Any Trade Restraint

WILMINGTON, Del., July 12—(P)—Du Pont's president Monday labeled the government's move to break up the du Pont industrial empire a direct threat to the nation's ability to advance in peace and survive in war.

Crawford H. Greenwalt, president of E. I. du Pont de Nemours & Co., Ind., vigorously denied restraint-of-trade charges in the government's anti-trust suit filed June 30 in federal court in Chicago.

He said the government's move to force du Pont to sell all its General Motors stock and give the proceeds to stockholders as a cash dividend "is largely punitive and confiscatory."

Greenwalt added the result

would be to channel "perhaps two-thirds of the sum realized from the sale away from du Pont stockholders and into the hands of government."

The government's take through the capital gains tax on profits from the stock sale was estimated at some \$350,000,000 by a company spokesman.

The overall aim of the government suit is to divorce du Pont from General Motors Corp., and the United States Rubber Co., of New York.

71 Are Killed in Two Airplane Crashes

Unscheduled Plans, 46 Abroad, Crashes After Radio Report Of Violent Fight

By Bill Becker

LOS ANGELES, July 12—(P)—Twenty-six bodies have been recovered from the smoldering wreckage of a commercial airliner that crashed in Susana pass today after a fist fight among some of the passengers.

Survivors said the fight started after a male passenger became hysterical while the big airliner was coming through a storm. Another passenger appeared to have quieted him when a chance remark on the cause of the hysteria precipitated a slugging match.

While the fight was going on, one of the stewardesses warned: "Fasten your safety belts; we are going into a cloud bank."

Within a matter of seconds, survivors said, the plane had crashed with a deafening roar of exploding gasoline.

A deputy coroner of Ventura county said several of the bodies had been badly burned but that some of them had been thrown clear from 50 to 75 feet from the plane. He said 18 persons had been taken from the wreckage, all injured, some so critically they cannot survive, and that two other persons, unaccounted for, may still be in the burned plane.

Identified Dead

Identified dead were: Frank Conway, Albany, N. Y. Joel Freeman, Los Angeles. Jack Levy, Brooklyn. Stewardess Marianne Rose, Long Beach.

C. Palamini, Bayonne, N. J. Irving H. Levin, 48, Bronx, N.Y. David Ellsman, Los Angeles. Fire destroyed the pilot's cabin and the crash left only one wing and the tail.

Cut Rate Flight

The plane belonged to Trans-National Airlines and was represented locally by Standard Air Lines. It was one of the cut rate transcontinental flights, which carry passengers for \$113 instead of the customary \$181.

Pilot Roy White informed the traffic control bureau at Burbank that a fight among passengers had broken out near Riverside, Calif. He said he wanted police aid as soon as the plane landed and he requested permission to set down at Burbank instead of the customary destination, Long Beach. One passenger was badly beaten, said White, who did not give the cause of the battle.

White said the fighting passengers swore they were going to continue their fight after they got on land.

Twenty-five minutes later the report of a plane crash was received by Van Nuys police.

Some of the injured were taken to the Birmingham General hospital, others to hospitals in Oxnard and Ventura.

First Bodies Recovered

The first two bodies identified were those of Joe Freeman, Los Angeles, and Frank Conway, Albany, N. Y. Freeman's body was thrown 50 feet from the fuselage. Eighteen persons, still alive but badly mangled, were taken from the wreckage. The arm and leg of one woman fell off after she had been placed on a stretcher.

By the time rescue reached the spot, four miles from Santa Susana, five persons had fought their way from the burning debris to a fire-equipment road 300 yards away. One girl in this group had lost a foot. It had been torn off at the ankle.

The plane apparently scraped the side of a 200-foot hill in a box canyon with a windup and then pancaked and caught fire.

Ambulances Called

Ambulances came from every little community in this sparsely populated section of the San Fernando valley. They raced at breakneck speed, up the tortuous dirt road to the scene, quickly loaded aboard the injured and walked or been carried the 300 yards from the burning airliner, and headed back down the one-way road.

Two hours after the accident, ambulances still were coming back, making return trips, but this time to carry out the dead, which searchers said included two infants.

Bodies were sprawled grotesquely into clumps of sagebrush, and over rocks. One survivor was carried out by a broken back. A bizarre touch was given to the rescue operations by the presence of 30 bearded, robed followers of religious leader Krishna Vanta, who calls himself "The Voice." They live in a stone house not far away. In their bare feet, they padded up and down the rocky slopes bearing stretchers. One of them identifying himself only as Brother Paul, said he heard the plane circling low over the hills a few minutes before the crash. The engine seemed to be performing perfectly, he said.

Americans Beat The Nationals 11-7

Sixteenth Annual All-Star Game Played On a Wet Diamond

By Ted Smits

BROOKLYN, July 12—(P)—The American League All-Star team defeated the National League All-Star team 11 to 7 today in a wet and wobbly All-Star game that set records for scoring and errors.

Joe DiMaggio, \$90,000-a-year New York Yankee outfielder who has been out of action most of the season, led the American attack with a powerful double in the sixth that scored two vital runs. Stan Musial and Ralph Kiner hit homers for the Nationals.

A crowd of 32,577 paid \$79.225.02, less taxes, to see the game that lasted three hours and four minutes.

The National League made five errors, one more than the record made by the Americans in 1938. The total run output of 18 topped the previous high of 16 set in 1934 when the Americans won 9-7.

This was the twelfth American League victory in 16 all-star games and came despite the orders of President Ford. Pick of the National League to bear down, American 400 202 300—11-13-1 National 212 002 000—7-12-5

Rural Phone Bill Up

WASHINGTON, July 12—(P)—The rural telephone bill came up in the House today. Opponents centered their fight on efforts to minimize federal-aid competition with privately-financed phone services.

The bill would permit the Rural Electrification Administration (REA) to make loans for rural telephone service the same as it has been doing for years in the field of electricity for farms.

Installation By Rotarians

Oscar DeWolf Is Given Gavel At A Banquet Session

The Sedalia Rotary club held its annual installation of officers banquet at 6:30 o'clock Monday evening in the Ambassador room of the Bothwell hotel with the president, Rev. J. Fred King, presiding. About 150 Rotarians and their wives, the Rotary - Anns, were present.

Rev. D. Warren Neal gave the invocation of the evening. Emory Bowman was song leader, and R. M. Johns served as toastmaster. Miss Lillian Fox rendered piano selections.

Report on Convention

Oscar DeWolf and Mrs. DeWolf gave reports of their recent trip to the International convention of Rotary clubs, after which Mr. Johns introduced Ray Lippard, recently elected governor of the 134th district of Rotary. Mr. Lippard then installed the following officers:

President, Oscar DeWolf; vice-president, K. U. Love; secretary, W. E. Hurlbut, Jr.; treasurer, Henry Harris; sergeant at arms, Harry Naugel; directors, Emory Bowman, Otis Wiley, and Rev. J. Fred King.

Mr. King then handed the gavel, to President-elect DeWolf, after which Mr. Johns presented the past president's pin to Mr. King.

Mrs. King was presented with a pottery vase of two-tone flame gladiolus and white carnations and Mrs. Lippard and Mrs. DeWolf were presented bouquets of mixed flowers by the club.

Mr. Lippard then addressed the meeting. Mr. Lippard is the first governor of Rotary that the Sedalia club has had in its 28-year history. He was elected without opposition from among the 51 clubs that comprise the 134th district.

Naughty Marietta. The last of Newkirk's solos was a Swedish melody, "A Song of Vainland," by Kvelve.

The only girl instrumentalist on the program, Miss Patricia Opp, state honor holder, with her flute, played two selections. The first melody a simple tune, "Simple Aveu" by Thome, and the second number a more difficult selection, "Piping Faun" by Batowski, was full of intricate figurations and passages Miss Opp was accompanied by Miss Dorothy Ann Reed.

Claude Boul, Jr., pianist, gave a rendition of Liszt's "Liebestraum." He followed it with Chopin's "Polonaise," (military). Mr. Hanna announced the program for next week as a talk by the former mayor of Sedalia, O. B. Poundstone. His topic will be "In and Around Newspapers for the Past Fifty Years."

Strike Order For 500,000 Is Expected

Truman May Stave Off Walkout in Steel Industry

PITTSBURGH, July 12—(P)—President Philip Murray of the CIO United Steelworkers said today his union would decide tomorrow its answer to President Truman's request to delay a steel strike for 60 days.

Murray told a news conference at conclusion of the wage policy committee meeting that President Truman had asked the union and the U. S. Steel Corp. to continue their contract two months after July 16 while a presidential board of investigators "inquired into the issues in dispute."

PITTSBURGH, July 12—(P)—A meeting of the CIO-United Steelworkers expected to result in strike order for 500,000 workers began today. There were indications that President Truman personally may intervene to stave off a walkout in the basic steel industry.

The union's 170-man wage policy committee was in session when word came from Washington that the president may use his emergency powers in the steel labor dispute.

Philip Murray, leader of the union, said last night he would recommend a strike this week-end in support of the union's wage and pension demands. The strike call would be effective at midnight Thursday or Friday, dependent on union contract expiration dates.

Speedy approval of Murray's recommendations was expected from the policy committee.

Truman Might Intervene

News that President Truman might intervene was telephoned into the union meeting. There was no immediate comment from the union.

Murray's recommendations are expected to be approved speedily by the steelworkers' 170-man wage policy committee. It began a meeting at 9 a. m. (EST) here today. Murray said some 189 companies, including the giant U. S. Steel corp., will be affected by the week-end walkout.

Murray said last night he will recommend the strike start this week-end.

His recommendations are expected to be approved speedily by the steelworkers' 170-man wage policy committee. It scheduled a meeting here (9 a. m., Eastern Standard Time) today.

Murray, after a fruitless 2½-hour conference at Washington with Cyrus S. Ching, federal conciliation director, said contract negotiations with U. S. Steel Corp. and other basic steel producers are "hopelessly deadlocked."

The tight-lipped Scotsman hinted only presidential intervention could avert the walkout.

Believe Crew Members Dead FRANKFURT, Germany, July 12—(P)—The smoldering wreckage of a U. S. C-54 transport plane which crashed last night in the Russian zone was sighted from the air this afternoon.

There was no sign of life near the plane, indicating that all three crew members may have perished.

Another American Killed Another American killed was Lynn Mahan of New York, representing Theodor Swanson & Co., New York. This company, in cooperation with the Netherlands government, had invited American newspapers, radio stations and news agencies to send reporters on a tour of Indonesia, visiting The Hague enroute.

Indonesia has been torn by war between the Dutch government and the Indonesian republic. "Complete freedom of action" had been promised those accepting the invitation.

Two Americans originally in the party—Mrs. Dorothy Brandon of the New York Herald Tribune and William R. Mathews, Tucson, Ariz., publisher—had decided not to return aboard the ill-fated Constellation.

Mathews said on his arrival at Manila that Mrs. Brandon had refused to fly on the KLM aircraft because she feared it would be sabotaged. He quoted her as saying the plane would be "sabotaged as sure as your life."

No evidence that the plane was sabotaged has been uncovered thus far.

Thirteen American Correspondents Among 45 Killed Near Bombay, India

BOMBAY, India, July 12—(P)—Thirteen American correspondents and 32 other persons died today in the crash of a KLM Constellation groping through monsoon rainstorms toward a Bombay airfield.

The American reporters were returning home from a tour of Indonesia sponsored by the Dutch government. It was the second tragedy to befall planes of KLM (The Royal Dutch Airline) within three weeks. The Constellation that carried the reporters to Indonesia crashed on its return trip to Europe, killing 33 persons off Bari, Italy, June 23.

The correspondents killed included Charles Gratke, foreign editor of the Christian Science Monitor and two Pulitzer prize winners—H. R. Knickerbocker and S. Burton Heath.

A 14th American killed was Lynn Mahan, a native Missourian representative of a New York public relations company. The others killed were 17 Dutch crewmen, including the general operations manager of KLM at Karachi, Pakistan; 17 other Dutchmen; two Chinese and one British.

Some Bodies Recovered

Thirty-three bodies had been recovered by nightfall, approximately 14 hours after the crash. The plane struck a rocky hilltop while approaching the Santa Cruz airfield, 15 miles north of Bombay. It hit a hill near Ghatkoper, on the opposite side of the 30-mile-long island from Santa Cruz.

Monsoon rains beating down on the scene of the crash hampered search parties. The first to reach the area said wreckage was strewn over a two-mile area some two miles above sea level.

The plane caught fire and charred trees on the rain drenched hilltop. One eye-witness said the bodies were so badly burned that identification was difficult.

Worst Accident in India

The accident was said to be the worst in India's aviation history. The Indian government began an investigation and granted special authorization to KLM to send an aircraft and Dutch technicians to the scene.

The American newsmen aboard were returning from a tour of Indonesia sponsored by the Netherlands government. Two winners of the Pulitzer prize for news reporting were among those killed. They were H. R. Knickerbocker of radio station WOR, New York, and S. Burton Heath of NEA (The Newspaper Enterprise Association).

The Constellation was en route from Batavia to the Netherlands. An announcement by the airline at the Hague said:

"The plane was approaching Bombay at 10 a. m., local time (10:30 p. m. CST, Monday) was caught in heavy monsoon weather and obviously was forced to continue circling around the air field.

"Thereafter the plane in its flight collided with a hill and was completely wrecked."

The plane was due in Cairo tonight and Amsterdam tomorrow. KLM officials in New Delhi pointed out that the line never had served Bombay and its pilots were unfamiliar with the Bombay airport area.

WASHINGTON, July 12—While the atomic energy commission is informing Congress of streamlined methods for bigger and better atom bombs, army doctors have been working quietly to prevent loss of life from those same bombs—and with surprising success.

It can now be stated that, as a result of this research, army doctors have lost part of their fear of the bomb's casualties and that at least 20 per cent of the lives lost at Hiroshima could now be saved.

This is the conclusion of Col. Elbert de Coursey, commandant of the army's medical research school, whose principal assignment has been to prepare medical defenses against the atomic bomb.

He explains that 65 to 85 per cent of the victims at Hiroshima and Nagasaki died of burns and injuries, easily treated by medical science. The challenge to the medical profession therefore is to abandon the present method of treating each patient as an individual and work out a system of mass treatment. Even the assembly-line technique, Dr. de Coursey suggests, may have to be applied to medicine.

The doctors have also made progress in treating atomic radiation, which attacks the blood cells and causes hemorrhages. Tests on the animals at Bikini showed that atomic hemorrhages can be stopped by a common dye, known as toluidin blue dye. Thereafter the problem is to have enough blood plasma on hand to administer mass transfusions.

As further proof that the atomic bomb isn't as devastating as it has been built up to be, Dr. de Coursey claims that a person might even survive when directly underneath an atomic explosion—provided he were protected by a few feet of earth or concrete.

Furthermore it is believed that a person could come out alive from a simple, six-inch, concrete shelter, located even within the two-mile radius previously considered fatal.

In both cases the shelters would protect those inside from the deadly gamma rays. But whether the shelters themselves could withstand the terrific concussion, Dr. de Coursey points out, would depend upon how much was absorbed and deflected by the surrounding buildings.

Note — Dr. de Coursey admits that the super atomic bomb, developed since Bikini, would increase the casualties but not change the medical problem. The bigger the bomb the more the patients, but their treatment remains the same.

Another Cabinet Illness

The Truman administration may have the unfortunate experience of another very sick cabinet member, unless friends of Secretary of the Interior "Cap" Krug take him in hand.

Krug's fainting spell while testifying before the House public lands committee last month was

not an isolated one, but the third time this has happened publicly.

While making a speech in Los Angeles, Krug was forced to stop, retire from the rostrum and could not resume. Again, at Phoenix, Ariz., while speaking on a national radio network, Krug was only two minutes through his address when he started to keel over and had to hand his speech over to someone else to read.

After his recent illness before the House public lands committee, Krug rested for half an hour, went back in the committee room and made a heroic effort to resume his testimony. He was unable to do so.

A hulking figure of a man and only 42, Krug looks the picture of health, but developed an athlete's heart while a football star at Wisconsin. This is now aggravated by high blood pressure and a weight of 270 pounds which he has not been able to reduce.

It has also not been helped by long and grueling hours in government service. Krug had an outstanding record with the Tennessee Valley Authority, performed a skillful and difficult job as chairman of the War Production Board, also served in the navy.

As secretary of the interior, Krug did a good job of battling John L. Lewis, but since then poor health has forced him to be one of the least active members of the cabinet. After his Los Angeles fainting spell, he was wise enough to take three months off. But another two months was necessary after the Phoenix incident. Since then, Krug is less frequently in his office than any other cabinet officer. Yet either pride or devotion to duty forces him to keep up the pretense of official activity.

The tragedy in the Forrestal case was that friends encouraged him to remain in office when many knew he was desperately tired and on the verge of nervous exhaustion. Friends of "Cap" Krug would do well to see that he does not make the same mistake.

New U. S. Citizens

Attorney General Tom Clark's campaign to educate naturalized Americans on the duties of citizenship is getting vigorous support from New York's radio station WHOM. Generoso Pope, who owns the station, came to this country from Italy with no parents, found his first job at the age of eight, but has now risen to become one of New York's most potent leaders. So he feels that he knows something about the advantages of U. S. citizen-

Our Boarding House . . with . . Major Hoople

ship and he wants others of New York's vast foreign-born community to feel the same.

Run by his son, Fortune Pope, WHOM broadcasts in foreign languages 17 hours a day—longer than any other station in the U. S. A. During the Italian elections last year, WHOM arranged shortwave broadcasts from New York Italians to their relatives abroad, with the result that thousands sent democracy messages orally to the folks in the old country. It had an important effect on turning the election for democracy

Congressional Teamwork

The closed-door meeting of Senate and House conferees on the public housing bill was a model of how Congress should, and can, act when it wants to. A total of 102 differences in Senate and House versions of the bill were ironed out in jig time.

Even GOP representative Jesse Wolcott of Michigan, leading congressional friend of the real estate lobby, went out of his way to cooperate in expediting a joint report of the bill.

However, Wolcott was suspicious when Senator Burnet Maybank of South Carolina, a Democrat, wanted to insert an amendment guaranteeing that tenants would not be moved out of the slums faster than new public housing could be built for them.

"Why do you want to put that in the bill?" he asked Maybank. "Well, to be very frank, it will get us some more votes in the

next election," grinned the South Carolina senator.

Maybank's engaging frankness so startled Wolcott that he dropped his threatened objection and the Maybank amendment was approved.

Camouflaged Lobby

A bloc of private power companies, carefully camouflaged under the high sounding name of the "Northwest Development Association," is now active in lobbying against its own name—development in the northwest.

Inside fact is that the association is nothing more than a front for the private power lobby to

See Thursday's paper!

propagandize against the Columbia Valley Authority. This would bring to Oregon, Washington and the Columbia Valley what the Tennessee Valley Authority has brought to Tennessee, Mississippi and Alabama.

Positive proof has now been dug up by the Senate public works committee that the utility companies have been pouring money into this so-called "development association."

Here is the roll call of major contributors since 1945: Washington Water Power company, \$8,600; Pacific Power and Light company, \$5,900; Portland General Electric company, \$5,500; Puget Sound Power and Light company, \$3,250; Northwest Electric company, \$2,560; Idaho Power company, \$1,855; Mountain States Power company, \$1,100.

As samples of the hysterical propaganda this money pays for, here is what the Northwest Development association declared in a recent press release:

"(The Columbia Valley Authority) will gradually create . . . a government monopoly with broad powers which would eventually regiment the entire economy of the Pacific Northwest. The creation of this 'new order' would be the beginning of the end of free government in the Pacific Northwest and the rest of the nation."

The same power companies, now opposing CVA, also opposed building the Bonneville and Grand Coulee dams which provided the power needed to produce aluminum, planes, ships and atomic bombs during World War

II. Yet they call their "front organization" the Northwest Development company.

Local Division CPA Now Has Airplane

According to Harry Trotman, the local division of the C. A. P. now has an airplane. Trotman reported this morning that an L-4 plane, similar to a Piper Cub, was brought to the Sedalia airport late Monday evening by himself and Bob Younger. The plane was procured from the C. A. P. headquarters in Kansas City. He said there were now 15 men in the Sedalia club eligible to fly the plane. The L-4 is now at the airport and will be stationed here for about a month.

Trotman stated that the club will have a Link Trainer for permanent use at the army in a few weeks.

Fined For Non-Support Of Minor Children

Ervin Stephens, 1601 East Fourth street, was fined \$1.00 and costs in the magistrate court by Acting Magistrate Earl Crawford, this morning, on a charge of non-support of minor children. Stephens pleaded not guilty.

A hearing was held before Judge Crawford with evidence being presented by both the defendant and his wife.

Released On Bond

Charles W. Davidson, 1806 South Kentucky avenue, was arrested Monday night by Deputy Sheriff Lee Feaster on a warrant charging him with non-support of minor children. Davidson was released on a \$250 bond to appear in the magistrate court. The case has not been set for trial.

Stand For Blind Man in The P. O.

The Bureau for the Blind, of the State Division of Welfare, has set up a stand in the Sedalia Post Office for Cecil W. Murray, 434 East Saline street. Here Murray, 40 years old, who has been blind for the past five years, will sell candy, cigars and various sundries.

According to R. E. Butler, vending stand supervisor, of Jefferson City, who was in Sedalia today, under the Vocational Rehabilitation Act the federal government and the state furnish the fixtures, the Business Opportunity for the Missouri Blind, Inc., of the Missouri Lions club furnish the capital for the stock and Murray will operate the stand for the profit.

This is the twenty-ninth such stand that has been established for the blind over the state.

Webworms And Their Control

Numerous calls have been coming during the past few days to the County Agricultural Extension Office about controlling webworms. These worms are eating on corn.

Poison bait as is used for army worms is not effective on webworms.

County Extension Agent Roy I. Copen, contacted George Jones, Extension Entomologist College of Agriculture, Monday in regard to latest information. The recommendation is to use a spray of 25% emulsion DDT. This is applied at the rate of 1/2 gallon per acre with a power sprayer using from 5 to 10 gallons of water per acre.

If an ordinary hand sprayer is to be used on small areas the 50% wettable powder is used, adding 5 to 6 tablespoonsfuls of the material to a gallon of water. The plants are moistened rather than drenched.

Sedalians go To Oklahoma

Mr. and Mrs. Eugene Wetzel who lived at 808 West Seventh street in Sedalia moved to Walters, Okla., February 1. Mr. Wetzel is superintendent of Meter and Transformer Department for Cotton county R. E. A. Coop. which operates over seven counties in southwest Oklahoma and is the second largest R. E. A. in the United States.

Mr. and Mrs. Carl McMullen, who lived at 319 South Moniteau avenue, moved to Walters, April 15. Mr. McMullen is head electrician for Sun Ray Oil Refinery at Duncan, Okla.

Mr. and Mrs. Orville Lampton who lived at 1215 East Ninth street in Sedalia, moved to Walters July 1 where Lampton entered into partnership with the Adkins Electric company in leading electrical shop in Walters.

All three served their apprenticeship with the Queen City Electric company in Sedalia.

Mrs. Schouten Better

Mrs. Frank Schouten of 1608 South Moniteau avenue, who has been ill, has returned to her work at the Bothwell hotel where she is employed as bookkeeper.

Beer License Issued

The Pettis County court, this morning, approved a 5 per cent beer license for "Jack's" Tavern, 111 West Main street. The license was issued to Jack Spaulding, proprietor, and expires on July 13, 1950.

Polio Cases in Arkansas up To 240 Cases

LITTLE ROCK, Ark., July 12—(AP)—Polio myelitis today had jumped to an official-recorded 240 cases since Jan. 1 and had caused 13 deaths.

The 13th victim died at Hot Springs last night. He was William L. Tenny, 29-year-old former Marine from Arkadelphia, Ark. Tenny was the second adult to die of the disease. Other victims had been children.

Red Cross officials and the National Foundation for Infantile Paralysis yesterday classified Arkansas as one of three states in a "serious epidemic stage." An urgent call was made for nurses to care for acute cases.

Statewide 4-H club rallies for both white and Negro boys and girls, which had been scheduled for next month, were cancelled yesterday because of the polio situation.

Governor McMath said yesterday that Davis hospital, Pine Bluff, soon would have beds for 30 polio patients and that Leo Levi hospital, Hot Springs, could care for 10 if need be.

By the Associated Press

Oklahoma's deaths from infantile paralysis stand at 20 today with 200 other victims of the disease under hospital care in the state.

With available space taxed to capacity, the Oklahoma Hospital Association said Monday five more hospitals will set up polio wards to provide another 100 beds.

Polio In St. Louis

ST. LOUIS, July 12—(AP)—This year's polio count for the city and St. Louis county soared to 40 today, 11 more than at this time in the peak year of 1946.

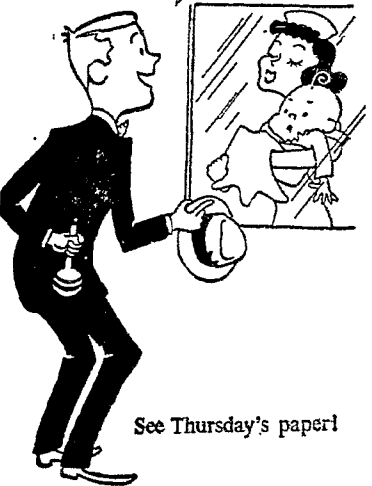

One of four new victims re-

corded today was William Wittstock, 38-year-old St. Louis Janitor, who became the first adult patient of the season. He was reported in a serious condition.

The state flower of Florida is the orange blossom.

Promise of Excise Tax Cuts in 1950

Cushions Against Losses Held Out To Business Men

By Jack Bell

WASHINGTON, July 12—(AP)—The promise of excise tax cuts in 1950—along with new cushions against losses—was held out to business today by Congress.

This was one of the most tangible reactions as lawmakers surveyed President Truman's 11-point beat-the-depression program.

There was evident agreement that only part of it could be put into effect before a pre-Labor Day adjournment this year. However, a leading Republican, Rep. Joe Martin of Massachusetts said that he agrees with Mr. Truman that within a few years the country can achieve a national output of \$300,000,000,000 a year. This is a fifth more than the present annual rate.

Relief Next Year

Chairman Doughton (D-NC) of the House Ways and Means committee joined with Chairman George (D-Ga.) of the Senate Finance committee in promising relief next year from some of the heavy wartime taxes. These have applied to a long range of items from furs to face powder, and including transportation fares and communications.

President Truman asked for repeal of the excises on freight as one of the measures to keep the economy rolling in high gear and head off a threatened business recession.

But George told a reporter any such move now would cost the government \$400,000,000 revenue in a period when Mr. Truman seems to have resigned himself to in-the-red financing by dropping his demand for any major tax increases.

Proposal Cleared

The finance committee already has cleared a proposal by Senator Johnson (D-Colo.), to knock out a long list on excise taxes at a revenue loss running up to \$725,000,000. Administration leaders are sitting on this move, despite its support by Senator McGrath of Rhode Island, the Democratic national chairman.

George said the tax on freight, which adds to the retail cost of about everything, "should be one of the first to come off."

Doughton made it clear that it will take time for Congress to level the excise tax barriers. He said if consumers are holding their buying for a tax cut, they will have to "wait quite a while" before they get one.

Dividends to GI's in January

WASHINGTON, July 12—(AP)—Dividend checks from National Service Life insurance probably will start going out at the rate of 200,000 a day next January, the Veterans Administration said today.

Carl R. Gray, Jr., Veterans Administrator, said the complicated preparation procedure makes payment this year impossible. Gray's letter replied to published charges that the dividend is being delayed until an election year for political reasons.

The Veterans Administration is going to pay a \$2,800,000,000 special dividend on about 20,000,000 policies held by 16,000,000 World War II veterans and servicemen. Individual payments will vary widely depending upon the type and size of policy and the length it has been in effect.

Television Set Fascinated Burglars

ELIZABETH, N. J., July 12—(AP)—Why bother with a burglar alarm? Just keep your television set in working order when you go away from home.

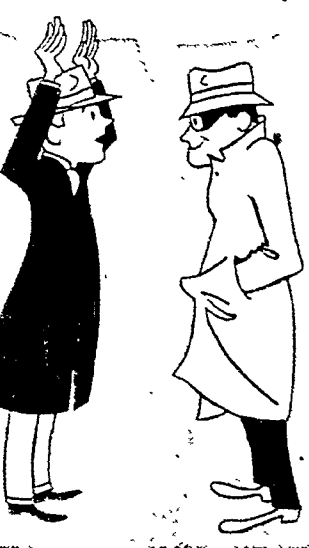

Police reported today that burglars apparently were so fascinated with the television set in the home of Mr. and Mrs. William E. Weber that they didn't get around to taking anything of value from the house.

The police found the flood around the machine littered with cigar and cigarette stubs, empty whiskey bottles and looted sardine cans. But although the house was thoroughly ransacked by the burglars, police said nothing seemed to be missing.

New Weather Bureau Office

WASHINGTON, July 12—(AP)—Administrative affairs of weather bureau offices in 15 states will be handled in a new administrative office at Kansas City.

Weather bureau officials said the administrative field office at Chicago was merged with the Kansas City office July 1 in an economy move. The Chicago office formerly handled eight states and the Kansas City office seven states.

The Kansas City staff will be enlarged by about 25 persons, 10 or 12 of them transferring there from Chicago.

The administrative service handled reports, payrolls, supplies and transfers of personnel in lower civil service grades for smaller forecasting offices in the area.

There are about 100 forecasting offices in the 15-state region, which includes Ohio, Kentucky, Indiana, Michigan, Illinois, Wisconsin, Minnesota, North Dakota, Missouri, Iowa, South Dakota, Nebraska, Kansas, Wyoming and Colorado.

Doesn't Like Walking Behind Husband

LOS ANGELES, July 12—(AP)—Mrs. Johanna Braverman, 44, doesn't go for the idea of walking 20 paces behind her husband, as some South American Indian women do.

So she filed suit for divorce yesterday against George Braverman, 51, a construction engineer.

"He told me that Indian husbands in South America made their wives walk 20 paces behind them and that he liked the idea," Mrs. Braverman said, adding that he made her walk that way.

Braverman didn't deny the accusations, but claimed that in 1945, with her knowledge and consent, he obtained a divorce decree in Las Vegas, Nev., after they had signed a financial agreement. He has since remarried.

New Routing Permit For CB&Q Railroad

WASHINGTON, July 12—(AP)—The Interstate Commerce Commission today authorized the Chicago, Burlington and Quincy railroad to establish a short-cut freight route between Kansas City and St. Louis.

The new routing, by way of Francis and Mexico, Mo., will mean a saving of about 66 miles over Burlington's present 338-mile freight route via Cameron Junction, Brookfield and Palmyra, Mo. It involves Burlington's rental of about 158 miles of trackage rights from the Gulf, Mobile and Ohio railroad.

Mrs. Perle Mesta on Way to Independence

WASHINGTON, July 12—(AP)—Mrs. Perle Mesta, new minister to Luxembourg, was reported en route today to Independence, Mo. for a visit with Mrs. Harry Truman at the summer White House.

Friends said she was expected at Independence tonight. From there she expected to go to Oklahoma on business. To her home at Newport, R. I.

Mrs. Mesta, sworn in as minister last week, plans to go to her Luxembourg post about mid-August.

Union Printers Strike in Spg.

SPRINGFIELD, Mo., July 12—(AP)—The Springfield Daily News published its regular final edition today despite a strike of union printers.

The final edition came off the presses two and a half hours late. The printers struck last night over wages and hours. The first edition of the morning paper was not published.

Arch Watson, business manager for Springfield Newspapers, Inc., said the printers had asked an increase in pay and a 37 1/2 hour work week. The present work week is 40 hours. Printers on the day shift have been receiving \$1.50 an hour and those on the night shift \$1.90.

Watson said negotiations broke down on the 37-hour week proposal and that negotiators had not yet discussed wages.

The morning edition was published with the use of teletype-setters, plus the regular linotypes, some non-union help and assistance from workers in other departments. Only the printers are striking.

Six to eight pickets, carrying umbrellas, walked in front of the plant today but they made no effort to halt persons crossing the line. Other crafts, including pressmen, mailers and stereotypers, crossed.

Temperatures Around Normal

Pleasant summer weather was today's forecast for most parts of the country, with temperatures around normal levels.

There were some hot spots, however. It was hot and quite humid in some parts of the southwest and most of the gulf states an hot in the interior of California. Coolest temperatures are in northern New England.

Rain fell over Kansas, northern Missouri and eastern Iowa and the northern Rockies. But there were no heavy falls of rain in the drought areas of New England, New Jersey and New York. Showers wetted an area from West Virginia southward along the Appalachians.

The hot section covered parts of Kansas, Missouri, Oklahoma and Texas and into the gulf states. Temperatures reached 100 yesterday at Fort Worth, Tex., and McAlester, and 101 at Shreveport, La.

Five New Polio Cases in Kansas City

KANSAS CITY, July 12—(AP)—Five new polio cases were reported here today, raising the total for the year to 14.

The county health department reported most of the new cases were mild and all the children stricken were reported in a satisfactory condition.

From June 11 to Oct. 30, 1944, planes from aircraft carriers of the United States navy destroyed 2472 Japanese aircraft while losing only 123 of their own planes a ration of 20 to one.

Uncle Sam is Spending More Than he Gets

Treasury Trying To Decide How To Raise Money

By Sam Dawson

NEW YORK, July 12—(AP)—Uncle Sam is in the red again. He's spending more than he takes in—he has more relatives and old friends dependent upon him than a movie star.

And the U. S. treasury is now trying to decide — from a number of suggestions by interested parties — which is the best way to raise the cash to pay the bills. It's looking for the way that will be the least painful for the treasury and at the same time be profitable for the banks and may-be give business a helping hand, too.

The treasury calls this deficit financing.

Six months ago President Truman wanted more taxes to keep the treasury in the black, saying a budget surplus "is essential to sound fiscal policy." Now he pumps for deficit financing as the better course at this time.

Two of The Biggest Items

His economic counselors say in their mid-year report that if we cut down on foreign aid and national defense — two of the biggest items — we'll not only be taking a serious risk, but will be cutting off the flow of federal dollars to consumers and thus lead to more lay-offs.

Deficit financing will pump new money into the economic stream, through treasury borrowings from banks. At the same time, various industries will profit from continued government buying, subsidies and social security payments. According to this school of thought, this will give time for everyone to get his second postwar wind and be off again on the road to prosperity.

They contend that borrowing is an accepted practice in the business world. Great industrial empires are started on borrowed money. Corporations borrow to expand, to meet payrolls, to finance inventories in anticipation of future sales.

Used To Deficit Financing

Certainly the American people are used to deficit financing by now. We've been in and out of the red with Uncle Sam for years. In the last 30 years rarely — in the middle '20s and again a year ago — have we used black ink. Meanwhile the federal debt has grown to more than \$252 billion. The question businessmen ask is how much higher can it safely go.

If it's finally decided to go on spending at the old rate, the next problem is just how the treasury should borrow the money to meet the bills.

Long-term bonds with comparatively high interest rates will appeal to private investors and institutions and cost the treasury most. Banks with money on their hands just now because business loans are falling off are urging medium-term treasury notes with moderate yields.

When there was more demand for business loans, which are much more profitable to a bank, the treasury's practice of financing its cash needs with short-term certificates with a low yield gave the banks a chance to keep any idle funds earning a little and still easily available when a good business risk came along.

But last night the treasury sold \$900 million of these short-term bills at an average rate of 0.923 per cent — two weeks ago it had to pay 1.158 per cent. Naturally, the banks don't find the new low rates too attractive.

Labor Leaders Want To See Bill Signed

JEFFERSON CITY, July 12—(AP)—A bill that kept the Missouri legislature in a turmoil for months will be signed by Gov. Forrest Smith, probably tomorrow.

He said today he plans to sign a bill repealing the Madison labor control act as soon as union officials can agree on time. Two men who helped shove the bill through the legislature want to be on hand for the ceremony.

They are James A. Davis, executive secretary of the state CIO council, and R. T. Wood president of the State Federation of Labor. The governor said he had promised to use a pen from each of the union organizations in signing the bill.

Takes Issue With Sen. Taft

WASHINGTON, July 12—(AP)—Senator Dulles (R-NY) today urged Senate approval of the North Atlantic Pact. He said it is the only measure that promises to save "our hopes for a peaceful and free Europe."

Dulles said the pact should save Germany for the west and spike "the Communist twin guns of false promise and threat."

The New Yorker, appointed only last week by Gov. Thomas E. Dewey of New York, took sharp issue with Senator Taft (R-Ohio) in his first senate speech.

Without mentioning the Ohio senator by name, Dulles disputed Taft's contention that the pact commits this country to tremendous foreign arms program.

Farmer Mad At His Bull

NORTH ANDOVER, Mass., July 12—(AP)—William A. Mazarinko and his large, brown bull aren't speaking today—not after what happened this morning.

The broke out in the Mazarinko barn about dawn and Mazarinko called the file department which rushed apparatus out to the farm—or almost to the farm.

The bull plainly didn't like red fire engines—he just planted himself in a narrow roadway and challenged the firemen to come on. They didn't.

Doubling as picadors, the fire fighters armed themselves with pitchforks and drove the bull back into a field. The bull got loose and came back. The fire was getting worse. The firemen finally penned the bull in a nearby pasture.

By that time the big, wooden barn was beyond saving. Loss approximated \$12,000.

Heavy Rains In The State

KANSAS CITY, July 12—(AP)—Rain measuring from an inch to more than four inches fell in northwest Missouri early today.

The greatest downpour reported was at Macon — 4.45 inches — in a three hour period before 7 a. m. There street gutters were taxed and water covered sidewalks at some points.

Other rainfall reports included Trenton 4.07 inches, St. Joseph 2.94, Edgerton 2.33, Grant City 2.27, Bethany and New Boston 2.00, Buckner 1.87, Tarkio 1.74, Burlington Junction 1.53, Chillicothe 1.05 and Gallatin .98.

Ralph Aldrich, river forecaster here, said the North Grand river would rise to close to bankful by evening. The Thompson Fork river near Trenton rose seven feet but was still far below flood stage.

No flood was expected in the Missouri river as result of the heavy rainfall in the St. Joseph area.

Drowns Trying To Save Child

BENNETT SPRINGS, Mo., July 12—(AP)—William Splan, 51, an expert swimmer, drowned in the Niangua river yesterday while trying to save a 10-year-old girl. She was rescued at last by Splan's 12-year-old son, William, Jr., who pulled her into a boat.

The girl is Judith Reed of Carrollton. She responded to artificial respiration but the elder Splan did not.

As a youth in St. Louis Splan made 10-mile swims in the Mississippi river and won local amateur honors. He bought the Bennett Springs hotel only last November.

Sheriff Neil Brown of Laclede county said Bryan Bush, 34, of Kansas City, first tried to save the girl but couldn't help her and barely got back to shore. Then Splan dived in with all his clothes on.

Huge Crop Of Grain Forecast

Near Record Is Indicated For Livestock Feed

By Ovid A. Martin

WASHINGTON, July 12—(AP)—Another season of "tremendous" farm production—topped by a near record crop of livestock feed grains—is well on its way, the Agriculture Department reported Monday.

If today's official estimates are borne out, this year's crop volume would be the second largest in history, exceeded only by last year's.

The outlook would have pointed to perhaps a new record except for a sharp reduction in wheat prospects during the past month. Bad weather and plant diseases cut the official estimate for wheat about 148,000,000 bushels below last month's forecast of 1,335,000,000.

This reduction just about eliminated the possibility of rigid marketing quotas on next year's wheat crop. Secretary of Agriculture Brannan had said that if the crop held fairly close to last month's estimate, he would be required under farm law to invoke controls to hold down production in 1950. However, no formal decision on quotas is expected before tomorrow.

Enormous Carryover
Despite this reduction in the wheat crop, it still would be a big one—in fact the third largest on record and 20 per cent above average. It would more than fill prospective domestic and export needs. In addition, there is a carryover of about 300,000,000 bushels from last year.

However, it is quite likely that Brannan will put acreage allotments in effect for wheat next year. They are much less restrictive in their effect on production than are quotas. Allotments would be designed to get the 1950 wheat acreage below 70,000,000 acres compared to about 81,000,000 seeded this year.

A forecast of a corn crop of 3,530,185,000 bushels raised the possibility of surplus problem for this and other livestock grains. Such a crop would be only slightly below last year's record of 3,650,000,000 bushels and greatly above the 10-year average of 2,787,000,000.

Supplementing this big corn crop are prospects of a very large oats crop and heavy carryover supplies of feed grains from last year's record volume.

The department said supplies of feed grains in the season ahead will be among the most liberal in history for the number of animals on farms.

This feed supply, officials said, should encourage farmers to maintain a high level of production of meat, dairy and poultry products.

Choice Calimyrna figs now can be produced in two months instead of the usual four and without the help of the little gnatsized wasps that have hitherto been necessary for their fertilization and development, by spraying their unpollinated beginning stages with a growth-promoting substance.

All-Stars Won Annual KOM League Game

Winners Took Command by Beating Independence 8-6

INDEPENDENCE, Kas., July 12 —(P)—The K-O-M League All-Star game is out of its extra inning rut, and the All-Stars are back in command.

The All-Stars rallied for four runs in the eighth inning last night to defeat Independence 8-6 in the league's annual game.

Bill Creech of Iowa was the winning pitcher.

At a business session yesterday the league decided both semi-final and final playoffs this fall will be best three-of-five series. The final playoffs had been a best of seven series.

The league resumes regular play tonight with Bartlesville playing here at Carthage at Pittsburg, Chanute at Ponca City, and Miami at Iowa.

Left night's score:

All-Stars 8, 000 130 040—8 7 3
Independence 013 000 200—6 7 6

Wuestrich of Carthage, Grove of Ponca City (4), Creech of Iowa (5-won), Walman of Pittsburg (8) and Manns of Carthage, Keeler of Ponca City (6), Wiesler, Speck (2), Long (3), Mallon (6-lost) and Whitaker, Newbill (3).

• Sport Roundup

By Hugh Fullerton, Jr.
PHILADELPHIA, July 12—(P)—Financial dept. . . . When Kid Gavilan fought Ray Robinson in an unremunerative non-title bout last year, he could have collected a \$5,000 forfeit because Ray was over the stipulated weight. He didn't—apparently on the theory that businessman Robinson would not give a title shot to a guy who had nicked him for that much. . . . Well, the kid got his shot all right, and it didn't make much more noise than a pop gun, but he collected about \$23,000 out of it. . . . Ray got \$50,000 or thereabouts, nearly twice as much as he earned in any of his 98 previous fights. . . . Robinson, a guy who keeps promoters nervous, apparently hasn't changed. There were at least three different announcements right after the scrap about his future plans. . . . You'll know which was correct when he gets into the ring again.

Sheer Courage Dept.
In press headquarters before the fight, Harry Lenny was reminding about the days when he managed Jack Delaney. . . . "Delaney was the hardest right hand puncher I ever saw except Peter Maher," Lenny insisted. Then he went on to intimate that Maher lacked the heart to make a great fighter. . . . That reminded one of the writers of a big, but faint-hearted heavyweight Joe Gould once managed before Joe hooked up with Jimmy Braddock. . . . During a tough bout the fighter came to his corner, looking sadly beaten and complained that he thought he had broken a hand. . . . "Look here," Gould told him, "You're not going to quit in my corner. If you want to quit go out in the middle of the ring and do it, not here. I'm the game manager in the business."

Ringside Returns
One reason why Robinson vs. Gavilan was tabbed as "the fight of the year" was that it attracted some 200 newspapermen from the various parts of the United States and Cuba. . . . When Kid Gavilan fought Johnny Williams in one of his first bouts in New York, Williams, a terrific puncher, belted him right on the chin. The Kid's knees buckled, but he came right back and floored Johnny. After the fight, Williams told Gavilan: "I broke seven jaws with that punch. Anybody who stands up like you did is going to be champion."

Information Concerning Today's All-Star Game

Practice Game by Junior Legions

A practice game between the Sedalia Junior Legion Post 16 and the Lexington Junior Legion will be played at 8:30 o'clock tonight at Liberty park.

Sedalia defeated Lexington in two playoff games to win the privilege of representing District Seven in the Zone tournament. Sunday, however, the Lexington team humbled the Sedalia Legion, 16 to 6 in a practice game at Lexington.

Brown or Ray will pitch for Sedalia in tonight's contest with Nold receiving. Other members of the starting lineup will include Ruffin, cf; Morgan, 2b; Walker, ss; Holst, lf; Broadbent, 1b; McCrory, rf and Cochran, 3b.

Walker and Nichols will umpire the game.

K. of C. Defeats Concordia 5 to 3

The Knights of Columbus softball team journeyed to Concordia Sunday and defeated that team by a score of 5 to 3. In a preliminary game the Sacred Heart girls' team was defeated by the Concordia girls by a score of 9 to 6. In the Knights' game Schwermer on the mound for the Knights pitched a steady game allowing seven hits. Concordia scored their three runs in the sixth after the Knights had gone in the lead with two in the fifth and three in the sixth. C. Weller of the Knights had two hits which drove in three runs.

The Knights were defeated last Friday evening at Lincoln in a league game by the score of 10 to 5. This broke their winning streak of six games and gives them a record in the league of 5 and 3. Lyles and Cramer were on the mound for the Knights and a combination of loose fielding and ineffective pitching was responsible for the loss.

The Knights are scheduled to play off a postponed league game at Stover Wednesday night and will play a regular league game with Warsaw on Friday night. The Knights defeated both these teams earlier in the year.

The following players will make these trips: C. Weller, D. Weller, W. Dick, R. Dick, Wall, Schwermer, Lyles, Cramer, Bergman, Means, Jackson, Taylor, White, Manager Bundy and R. Ash, who is still out of action because of his injured hand.

Tri-County Lake Committee Meets

The Tri-County Lake committee, composed of representatives from Cooper, Saline and Pettis counties, met at Marshall Monday night at which time a discussion of a proposed lake and site was held. Dr. G. B. Herndon, of the Conservation commission, was present and took part in the discussion in behalf of the committee.

Oscar Leslie and E. C. Wollet represented Pettis county at the meeting.

The plan is to construct a lake by the state in some locality which would well serve the tri-counties and which would also be well stocked with fish. Federal aid would also assist in the construction of such a project.

A site was selected as a starter which is located about a mile east and a mile south of highway 40 on the boundary of Pettis and Saline counties. Dr. Herndon told the group he would have the commission engineers to make a survey of the land and any other lands which might be available in that locality.

The group has not completely settled on the site and is open to suggestions. Any person or persons who have at least 125 acres of land which would have a drainage from surrounding areas and interested in seeing it made into a lake should contact the committee.

Mr. Wollet, this morning, said Mr. Leslie and himself would be happy to discuss any plan regarding the lake and meet with others who have the acreage and desire to have it investigated for the lake.

U. S. Public Links Title Is Wide Open

By Pete Arthur
LOS ANGELES, July 12—(P)—A Honolulu truck driver, a Phoenix schoolboy and a collegian fresh from a Portland, Ore., graduation procession loomed today as golfers to beat for the U. S. Public Links golf championship.

But out of the running the first day's play are the defending champion, last year's runnerup, a former title holder and a couple of northern California favorite sons, each highly touted in pre-tourney talk.

Best Opening Round
The best golf of the opening round smoked from the putter of Frank Rutkiewicz, the Honolulu trucker, who carded a 31 on the par 35 first nine to smother Ben G. Hughes, Portland, Ore., a finalist at Atlanta last year, 6 and 5. But another Portlander, Victor Gildmeister, duplicated Rutkiewicz's 31 to outclass George Puett, Seattle tavern owner, 5 and 4.

Today's pairings include: Ronald Williams, Alhambra, Calif., vs. Art Jenemann, Jennings, Mo. James R. Spencer, St. Louis, vs. Michael Szewko, Stillwater, Okla.

CLIPPED ANGEL

THE STORY: Mike McGinnis, a mining engineer, in spite of his ideas about women mine operators, has agreed to help beautiful Cory Parnell find out why the mine she inherited from her father is not producing high-grade ore. Mike makes secret mappings and finds out that it disagrees with company figures. He tells Cory that the ore must be spirited out of the mine somehow and marketed through a dummy mine nearby. He sets out to find the dummy. He visits several mines and finds that there is suspicious secrecy at the Argus Mine, but this evidence is not conclusive. After visiting nearly every mine near the Black Angel, Cory's mine, Mike returns. It occurs to him that while he's investigating at the mine, the gang stealing the ore wouldn't operate—they'd sit tight.

XII

THE humor of the situation struck me as I drove back to the boarding house. If the gang couldn't afford to pinch Cory Parnell's high-grade ore while I was around, then everything mined would go into the mill.

And, if that happened, the mill dead would jump to \$15 a ton and everything would be lovely.

I grinned to myself at the thought of the fancy explanations that would be forthcoming.

Next morning, Friday, I dropped into Cory's office early.

"When do you get smelter reports on your concentrates?" I asked.

She pointed to a fat unopened envelope on her desk. "That will be for Wednesday's car."

I did a little figuring. "Then, for the car that rolled yesterday—that was Thursday—you'll get the figures tomorrow?"

She nodded.

"Could we get them today?"

She studied for a moment. "If I phoned long distance this afternoon, I guess we could. But, why so curious? Getting the news early won't make it any better."

"It'll be good news."

"What makes you think so?"

"According to your mill-flow

sheets it has to be. The \$15 ore I sampled on Tuesday night was mined on Wednesday. It was milled and concentrated on Wednesday night, dried, loaded, and shipped on Thursday. Q.E.D. Instead of running forty-five or fifty bucks to the ton, those concentrates'll run a hundred and fifty—three thousand bucks instead of one thousand—and as long as I'm around the mine all your cars will be that way."

SHE wasn't buying. "There's a hole in your argument, Mike. If the car values jumped like that it would look suspicious."

"Oh, there'll be explanations," I said, "lots of 'em—the pay-streak must have widened unexpectedly, the crew must have struck a rich pocket, and so on. The point is, the gang is on the spot and it's safer to go straight temporarily than risk my discovering their technique."

Cory looked at me a couple of seconds as if she were trying to decide whether I had good judgment or was only making wild guesses.

"Then what?" she asked.

"We'll listen to the explanations," I replied. "The fellows who do the talking may put us onto the right track on how this ore is being taken."

"All right," she said doubtfully, "I'll phone the smelter late this afternoon."

"Fine—and then we'll break the news to various people. I want to be around to watch the reactions."

THAT was a little after 10 o'clock in the morning. I phoned Effie to get the dope on Argus Mines, then I buckled down to look for that hidden entrance—or exit, I guess, would be more accurate.

I didn't have a map of the

workings—Parboiled Parnell had looked on maps and surveys as sissy things. Like most oldtimers, he relied on what he called a nose for ore, and judging from the results, in those early days he must have smelled it every 20 feet along the tunnel.

The ground was riddled with abandoned holes. The original No. 1 vein had long ago pinched out in barren rock, as had Nos. 2, 3, and 4 in the course of time, but the old drifts and connecting crosscuts and raises were still there.

They started about a hundred feet from the portal and nearly all of them had been allowed to cave in one place or another. They didn't interest me because I was looking for a hole in good repair that showed signs of recent use.

I went in the full 1700 feet along the haulage level to the working stopes and then turned around and started back, playing my lamp over every foot of wall surface.

There were dozens of side tunnels to keep me occupied. They had been driven for the same purpose as the caved ones near the portal—to follow up ore shoots—and always they ended up with a blank wall where the vein pinched out or was given up as not worth working.

I took time out for lunch and a phone call from Effie. The Argus outfit had two shareholders, who were also the directors.

Effie had tracked them down and they turned out to be a lawyer named Hennessy and his stenographer. That meant exactly nothing, because using a lawyer as a front is a frequent dodge in the mining game.

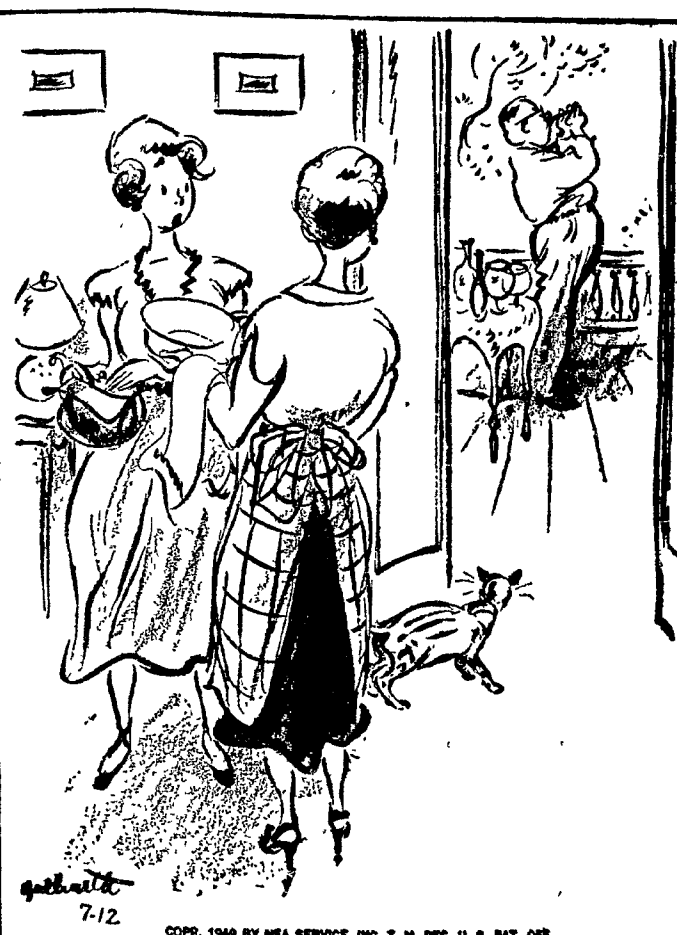

"Okay, Effie," I said. "Thanks for trying."

I hung up and went back to the mine.

Hughesville Club Meeting

The Hughesville Woman's Extension club, met Wednesday for a covered dish luncheon, at the home of Mrs. William Binkley, with Mrs. Will Fowler and Mrs. Marvin Houchen as assistant hostesses. The meeting was called to order by the president, Mrs. Clinton Lowrey, by reading of the club collect in unison, prayer, and singing of the club song. The secretary called the roll with the answer "The country I would visit most."

The visitors present were Mrs. Fred Hoos, Mrs. Das McClure, Mrs. George Callis Sr. of Luxor, Ark., house guest of her sister, Mrs. Will Fowler and Mr. Fowler.

Devotional was given by Mrs. Art Martin, Mrs. Dwight Lowrey, leader, presented the following program on "American Traditions." Song, "America"; prayer, Mrs. Will Fowler; "Our Constitution and Government," Mrs. Cunningham; accordion solo, Mrs. Joe Williams; article on "Miscellaneous Subjects," Mrs. C. Rages, Sr.; song, "America the Beautiful"; "How to Respect and Display Our Flag," Mrs. Raymond Nagle; song, "The Battle Hymn of the Republic"; "Freedom Train," Mrs. D. Lowrey.

Funds were sent to Mr. Copel and to pay the expenses for a member of the 4-H club of Pettis

county, to attend the 4-H camp. The club's annual picnic will be held at Liberty park on Thursday, at 6:30 p. m., August 4, instead of the regular club day on the first Wednesday of the month.

CLEAN FURNACE SAVES 54% OF HEAT
Reduced prices on furnace cleaning now in effect

Most furnaces should be cleaned every year. Tests have shown one-fourth inch of soot can rob you of 54% furnace heat. Figure last year's coal bill on that basis and see the savings possible. Service includes cleaning inside furnace, pipes and chimney base. Furnace front painted with rust-proof paint. If furnace needs repairs, we will give you estimate on that work. Unemployment Figures Are Reflecting Normal Market

By Rader Winget

Unemployment figures, like everything else, are reflecting the return to a normal buyers' market. But unemployment, while on the increase recently, still is only slightly above average when viewed in the perspective of the last hundred years.

However, that's small comfort to the 3,778,000 persons pounding the pavements looking for work today. And it is little help to a community paralyzed when its biggest industry shuts down.

But the figures show that, even if the nation maintains a fairly prosperous economy with "full employment" in coming years, we can expect at least an average minimum unemployment of between 3,000,000 and 3,500,000. That conclusion is based on a

study by the Twentieth Century Fund, which found that five per cent of the labor force under normal conditions are looking for work at any given time. The fund is a non-profit foundation conducting research on current economic problems.

Rise Predicted

Labor organizations and various federal government economists have predicted a possible rise in unemployment to around 5,000,000 this winter. That's above the five per cent line and gets into the emergency zone.

President Truman, in his economic report to Congress yesterday, said "there is nothing healthy about more unemployment." He added that "unemployment has not risen to the dangerous levels which would call for all-out emergency measures."

Slash Funds Of Marshall Plan Aid

Committee For Cut
Of 10 Per Cent
Off Second Year

WASHINGTON, July 12—(P)—The senate appropriations committee voted Monday to slash 10 per cent off the second year funds asked for the Marshall plan.

And it tied up \$50,000,000 of what was left in order to cut Spain in on the European recovery program if the administration sees fit.

The recovery program would get \$3,778,380,000. President Truman had asked \$4,198,200,000. A committeeman said one group fought to chop off 19 percent.

Chairman McKellar (D-Tenn.) estimated that the committee cut a total of \$748,820,000 off President Truman's budget estimates for actual appropriations in foreign spending, which includes other programs besides the Marshall plan.

General Reduction

The members gave formal approval in a bitter closed-door session to reducing foreign spending in general.

Chairman McKellar announced these results:

(1) \$3,628,380,000 in appropriations for the economic cooperation administration to run the recovery program plus authority to make loans of \$150,000,000 through the export-import bank.

(2) \$900,000,000 for government and relief in the occupied areas of Germany, Austria, Japan and the Ryukyu islands. This is a flat 10 percent cut.

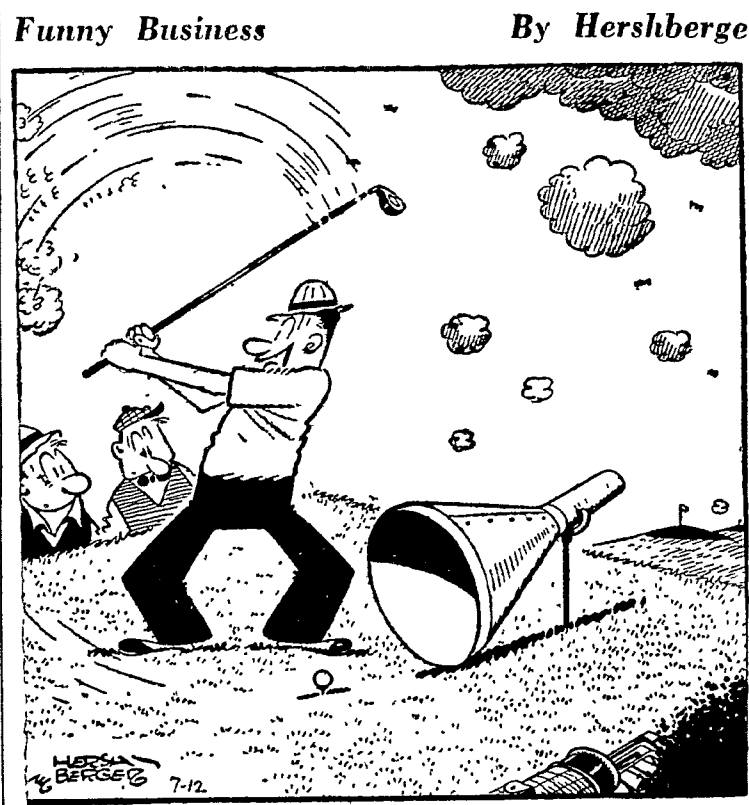

(3) \$45,000,000 for aid to Turkey and Greece also 10 percent of the budget request.

(4) \$50,000,000 of ECA funds were earmarked for loans to Spain if ECA Chief Paul Hoffman determines aid should be extended to the Franco government.

(5) \$1,000,000,000 for ECA operations during the recent April-June quarter, a cut of \$74,000,000.

The sum voted for the Marshall plan would be spread over the 12 months ending June 30, 1950. This is \$209,910,000 more than the house had voted—but the house bill would have permitted ECA to spend its funds in 10 and one-half months if necessary.

By a tie vote—9 to 9—the committee defeated an amendment by

Sen. Kem (R-Mo) which would have denied ECA to any nation which continues to nationalize any of its basic industries.

This amendment was aimed by Kem particularly at Britain's nationalization program.

Sen. McClellan (D-Ark) said the committee accepted his amendment requiring that countries using U. S. funds to buy commodities in which this country has a surplus must buy them here.

Resources

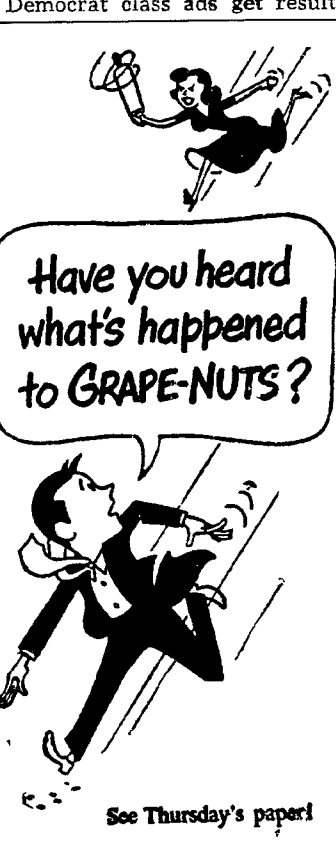

It is estimated that there is enough coal in the United States to last 2000 years, and enough oil to last a century. There probably is enough motor fuel to supply all needs for at least 2900 years.

Denial Of Any Trade Restraint

WILMINGTON, Del., July 12—(P)—Du Pont's president Monday labeled the government's move to break up the du Pont industrial empire a direct threat to the nation's ability to advance in peace and survive in war.

Crawford H. Greenwalt, president of E. I. du Pont de Nemours & Co., Ind., vigorously denied restraint-of-trade charges in the government's anti-trust suit filed June 30 in federal court in Chicago.

He said the government's move to force du Pont to sell all its General Motors stock and give the proceeds to stockholders as a cash dividend "is largely punitive and confiscatory."

Greenwalt added the result

would be to channel "perhaps two-thirds of the sum realized from the sale away from du Pont stockholders and into the hands of government."

The government's take through the capital gains tax on profits from the stock sale was estimated at some \$350,000,000 by a company spokesman.

The overall aim of the government suit is to divorce du Pont from General Motors Corp., and the United States Rubber Co., of New York.
